THE RICHMOND COLISEUM ♦ RICHMOND, VIRGINIA

VCU

VIRGINIA COMMONWEALTH UNIVERSITY

Dear Class of 2016:

Virginia Commonwealth University is a premier national research university with a mission focused on people. Research that helps people. Care that heals people. Teaching that empowers people. Service that embraces people.

Our greatest successes, then, are the successes of our people, including those of you who are earning your degree today. You are graduating from one of America's great public research universities; as such, your educational experience has been about more than completing your courses and receiving a grade. It has been about making your knowledge real to solve real problems that will make a real difference in the real world. It has been about becoming leaders in your academic disciplines and in your communities. It has been about innovating, transforming and creating opportunities for yourself and others.

You are part of a rich legacy at VCU. For 178 years, your alma mater has focused on helping students like you become creators, innovators and entrepreneurs who will advance the human experience around the world. As you graduate from VCU, always remember that your opportunities are boundless because your potential is limitless.

On behalf of the faculty, staff, students and alumni of VCU, I congratulate you on the remarkable achievement of your commencement. We are so proud of you and encourage you stay connected to your alma mater forever.

Best wishes,

Michael Rao, Ph.D.

Honorary Doctor of Humane Letters

2016 Recipient *Pamela K. El*

The Honorary Doctor of Humane Letters is Virginia Commonwealth University's highest form of recognition. Presented by the president at Commencement, it recognizes those individuals who have made outstanding contributions to society through scholarship, public service, humanitarianism, science and art.

As executive vice president and chief marketing officer at the National Basketball Association, Pamela K. El is responsible for global marketing for the NBA, WNBA and NBA Development League.

With more than 30 years of experience, El is recognized as an industry leader for her expertise in brand management, marketing strategy, creative development and media and sponsorships. Prior to joining the NBA, El was senior vice president of financial brand marketing for Nationwide Insurance and also spent more than a decade with State Farm Insurance as marketing vice president, where she led sales and marketing strategy for the U.S. and Canada. Earlier in her career, El held positions with Terebeam Corp. in Seattle, U.S. West Communications in Denver, and The Martin Agency in Phoenix and Richmond, Virginia. She began her marketing career in 1983 with Siddall, Matus and Coughter, also located in Richmond.

El earned a bachelor's degree in mass communications from Virginia Commonwealth University. She previously served on the board of directors of the Women's Basketball Hall of Fame, the Ad Council and the LeBron James Family Foundation. El currently serves on the board of the VCU Brandcenter.

El has received several distinctions, including being named to Advertising Age's 100 Most Influential Women in Advertising, being granted a Corporate Citizen Award from the Steve Harvey Foundation and being honored as one of the most influential black women in business by the Network Business Journal. Earlier this year, El was named one of the top 50 Women in Marketing and Advertising by Black Enterprise and was listed by Forbes as one of the 25 Most Influential Minorities in Sports.

She resides in New York City with her husband, William.

Edward A. Wayne Medal

The Edward A. Wayne Medal was established in 1971 to honor individuals who have made outstanding contributions or provided exemplary services to Virginia Commonwealth University. Presented by the president at Commencement, the medal is named in honor of Edward A. Wayne, who was chair of the commission that led to the establishment of VCU in 1968 by the Virginia General Assembly. Mr. Wayne served as the university's first vice rector.

For their extraordinary philanthropy and volunteer service at Virginia Commonwealth University, True Farr Luck and Charles S. "Charlie" Luck III are being honored with the Edward A. Wayne Medal.

The couple and their family own Luck Companies, which began as a family business in 1923. Charles Luck III is the current chairman. Both True and Charlie are long-time civic leaders and philanthropists, most especially in the areas of the arts, education and health, and with a focus on Richmond-area nonprofits.

The couple's exceptional generosity has served as a catalyst for the family to be engaged across the university. They, along with their children, have made a leadership commitment to the VCU Massey Cancer Center to fully endow a chair in cancer research. The creation of this chair has allowed Massey to recruit Dr. Charles Geyer, who is the associate director for clinical research. True serves as a devoted ambassador in the effort to raise awareness and support; she is very involved in events and opportunities in support of Massey's cancer research mission. The Lucks' kindness and generosity continue to aid Massey in its efforts to thrive as a center of excellence and to remain at the forefront of cancer research, innovative treatment options and compassionate care.

Recently, the Lucks made a significant leadership commitment to the VCU Institute for Contemporary Art, where True plays an important volunteer role as an active member of the ICA's Campaign Committee. Her deep personal involvement and the remarkable gift they made have truly provided inspiration for others to follow suit in supporting a key university priority. The couple's commitment supports Richmond's nationally recognized arts community and will foster artistic and innovative global collaborations, rotating exhibitions, performances and special programs.

Furthermore, True and Charlie and the Luck Companies have provided longtime, generous support for the growth and development of the VCU Rice Rivers Center, providing both financial gifts as well as hardscape materials to maintain and improve the property. Their contributions have both enriched and enhanced the student experience, leaving an indelible mark on our institution.

True and Charlie's passionate dedication to VCU through volunteer leadership and philanthropy is exemplary. The university is grateful for their loyalty and devoted service, which has had a meaningful and lasting impact on our community.

Charles S. Luck III*

Board of Visitors Award

The Virginia Commonwealth University Board of Visitors Award recognizes the achievements of an outstanding undergraduate student who represents the distinctive attributes of a VCU student: outstanding academic achievement, leadership and service to the university and the community at large.

The recipient of the award will receive a one-year scholarship in the amount equal to in-state tuition and fees.

Mr. Marvin Hy-Minh Chau exemplifies the areas of academic achievement, leadership and service that truly capture the spirit of Virginia Commonwealth University.

With a 3.9 grade point average, Chau has obtained an outstanding academic record as a biology major on the pre-medicine track. He has been recognized for his scholastic achievement many times over, including being named to the National Society of Collegiate Scholars and the dean's list and also has received the VCU Academic Excellence Award. He has been described as an engaging and thoughtful student who takes full advantage of the opportunities afforded him on campus to reach his goal of becoming a surgeon.

Chau has demonstrated strong leadership skills while at VCU by actively participating on university committees, being elected to leadership roles for various organizations, as well as being a resident assistant, undergraduate teaching assistant and Ram Camp leader, among other things. He is a member of Omicron Delta Kappa — the national leadership honor society — and has received the Emerging Leaders Program scholarship. He finds it rewarding to discover new ways to nourish and refine his leadership skills.

Serving both the VCU and Richmond communities has also brought a sense of compassionate purpose to Chau. From participating in the ASPIRE program and volunteering in the hospital setting to mentoring youth at a local Boys and Girls Club and more, he has seen the impact a person can make on the lives of others in a meaningful way. These experiences have helped shape his personal growth, and in gratitude, he has dedicated himself to the university and the community at large.

Chau is a first-generation American and the first in his family to attend college.

Academic Costume

The academic costume worn at American college exercises derives from the Middle Ages. The oldest universities of northern Europe, such as Paris and Oxford, grew out of church schools, and both faculty and students were regarded in the Middle Ages as a part of the clergy. They wore clerical habits, largely borrowed from the monastic dress of that day, not just on special occasions but as their regular attire.

The head covering of the academic costume developed from the skull cap worn by the clergy in cold weather to protect the tonsured head. In the universities, the skull cap acquired a point on top, which evolved into a tassel. The bonnet with tassel is still worn by degree holders of European universities. In America, it has been replaced by the familiar mortar board, which still retains the medieval tassel.

The hood (the medieval *caputium*) was originally a covering worn over the head in bad weather, otherwise dropped on the shoulders as the monk's cowl. At first it was worn by faculty and students alike, but in the early 16th century it was restricted to graduates, thus becoming the mark of a degree holder. Today, each college has its distinctive hood lining by which its graduates may be recognized in academic processions. Graduates from Virginia Commonwealth University may wear a hood showing a black chevron on gold background.

The gown comes from the medieval robe and seems to have been borrowed from the habit of the Benedictine monks. In the Middle Ages, undergraduates, bachelors and masters could be distinguished by the simplicity or intricacy of their

gowns. The doctor's gown was often furred, which survives today in the ornamentation found on the doctoral gown. Usually the gown is black, but some colleges have gowns of different colors.

The wide velvet borders extending down the front of the doctoral gown, the velvet bars on the sleeves, and the borders of most hoods are colored according to the scholarly field of the wearer.

Virginia Commonwealth University is an equal opportunity, affirmative action university providing access to education and employment without regard to age, race, color, national origin, gender, religion, sexual orientation, veteran's status, political affiliation or disability.

Virginia Commonwealth University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award Baccalaureate, Master's, doctoral and first professional degrees.

Recipients of Degrees

Because of rigid time requirements, this program must be printed before the final list of degree candidates and final graduation honor status for undergraduate students can be determined.

The exclusion of the name of a student is not to be taken as indication of official status as a nongraduate, nor is the inclusion of a name of a student to be taken as certification of official status as a graduate. Only undergraduate students are eligible for honors designations.

These designations do not apply to the degrees received by graduate students.

to Chemotherapy and Acquired
Psychoneurological Symptoms"
Dissertation Adviser: Colleen Jackson-Cook, Ph.D.

Alkahtani, Reem Mohammed

Physiology and Biophysics
Riyadh, Saudi Arabia
B.S., King Saud University
M.S., Virginia Commonwealth University

Dissertation: "Expression of Free Fatty Acid
Receptors and Their Role in Brain-Derived
Neurotrophic Factor (BDNF) Secretion from the
Glial and Enteroendocrine Cells in the Gut"
Dissertation Advisers: Srinivasa M. Karnam, Ph.D.,
and John Grider, Ph.D.

Almugaitieb, Turki I.

Nanoscience and Nanotechnology
Mechanicsville, Virginia
B.S., King Fahd University of Petroleum and Minerals
Dissertation: "Enhancing Magnetic Properties
of Cobalt Carbide CoxC (x=2 or 3) Using
Different Nucleating Agents and SAS-JMP
Statistical Tool to Apply in Flow Chemistry"
Dissertation Adviser: Everett Carpenter, Ph.D.

Andrus, Timothy Garland

Art History
Portsmouth, Virginia
B.F.A., M.A., Virginia Commonwealth University
Dissertation: "Stuart Davis's Early
Theoretical Writings, 1918-1923"

University Honors and Awards

Honors College

VCU bestows the accolade of “graduation with University Honors” on graduating seniors who have attained distinction through impressive achievement in course work as well as other formal and informal educational experiences. To merit this distinction, students must complete a rigorous honors curriculum, excel in their academic work and submit an academic dossier that reflects their commitment to learning in the best university tradition. Their petition to graduate with University Honors must be approved by the Honors College Council. The medallions worn by these students at Commencement recognize this achievement; this distinction also is noted on the students’ official transcripts and on their diplomas.

Virginia Commonwealth University is committed to excellence in teaching, research, public service and patient care. To realize and recognize academic excellence is VCU’s highest priority. The Honors College was established to help fulfill this objective by meeting the needs of academically talented undergraduate students.

The Honor Society of Phi Kappa Phi

Phi Kappa Phi is a national honor society founded in 1897. The Virginia Commonwealth University chapter was established in 1976. The primary objectives of the society are to promote the pursuit of excellence in all fields of higher education and to recognize outstanding achievement by students, faculty and others through election to membership and various awards for distinguished achievement.

Phi Kappa Phi typifies the honor society's ideal characteristic of American higher education, for it exists for the dual purpose

of recognizing and honoring those students who attain high scholastic achievement and encouraging those students who are capable of doing so.

Phi Kappa Phi is unique because it recognizes scholarship in all academic disciplines and does not restrict membership to a specific field. Its interest and eligibility are extended across all subjects offered at the modern university and, by so doing, the society highlights the importance of appreciating and understanding more than a single limited specialty.

Alma Mater

In March 2016, VCU Alumni's board of governors approved Virginia Commonwealth University's first alma mater, "We Gather Here." Written by Lemont "Monty" Kier, Ph.D., a longtime faculty member, and his son, Andy Kier, a 1990 VCU graduate, the school song honors the university's commitment to providing students with experiences that they carry with them beyond their years on campus.

"We Gather Here"

Lyrics: Monty Kier **Music:** Andy Kier

We gather here, our voices raise,
of VCU we sing our praise,
the Black and Gold our colors show,
diversity and value grow.
We've learned so much beyond each class,
the joy of friendship will not pass.
So much in life is mem'ry borne,
of VCU they'll not be shorn.

The mem'ries of a campus walk,
so many friends, we stop to talk,
the friendships here were made to last,
they're in our minds though years have passed.
The seasons pass, the years roll by,
from VCU the reason's why
we are enriched from values learned,
they bring us joy that we have earned.

Next year again we will be here
to see our school and give a cheer.
So VCU keep all that is great,
you've brought us joy that is our fate.
So come let us sing of VCU,
with ev'ry verse we will renew
the mem'ries from our campus time,
each one embedded in a rhyme.

Dear graduate,

On behalf of VCU Alumni, I am privileged and honored to congratulate you on this wonderful occasion. Although you likely received much support and encouragement from your families and friends, this is a personal educational achievement that is a tribute to your hard work and intellectual perseverance.

As you bring this chapter of your academic career to a close, we hope you will recognize that your university and your alumni organizations have provided you with solid ground from which to grow. We also hope that you, as alumni, will use your significant talents and energies to continue and expand your alumni organization's stewardship.

As a graduate, you join more than 174,000 VCU alumni throughout the world and, with words and deeds, show the excellence and quality of your education. Be proud of your university, because we are proud of you! Our wish for each of you is that you realize your full potential and, in doing so, find a method of contributing to society and the university in a way that is meaningful for you.

Please consider joining VCU Alumni and continue to be engaged with your alma mater. We won't be the best VCU Alumni we can be without you!

Yours for VCU,

A handwritten signature in cursive script that reads "James E. Williams".

James E. Williams (B.S.'84/GPA; M.S.'96/GPA)
President, VCU Alumni

Virginia Commonwealth University

As one of only 28 public universities with academic medical centers to be designated by the Carnegie Foundation as “Community Engaged” with “Very High Research Activity,” Virginia Commonwealth University has cemented its reputation as one of the nation’s top 200 research universities worldwide.

Under the leadership of President Michael Rao, Ph.D., VCU boasts \$270.3 million in funded research, as well as several graduate and first professional programs ranked in the top 50 nationally by U.S. News & World Report, including the No. 1 ranked sculpture and nurse anesthesia programs. And, through the guidance of its strategic plan, Quest for Distinction, VCU remains poised to further its status as a premier, urban public institution able to meet the demands of diverse populations through impactful research, rigorous study and extensive community engagement.

This mission traces its roots to two institutions: the Medical College of Virginia, established in 1838 as the medical department of Hampden-Sydney College, and the Richmond School of Social Economy, founded independently in 1917 and operated as the Richmond division of the College of William & Mary beginning in 1925.

MCV, after gaining independence in 1854, became state-affiliated in 1860, while in 1939, the College of William & Mary changed the name of its Richmond division to Richmond Professional Institute, which then went on to become an independent state institution in 1962.

Spurred by recommendations set forth in a 1967 legislative report commissioned by Edward A. Wayne Sr., president of the Richmond Federal Reserve Bank, city and state leaders began to envision a comprehensive and diverse urban university born from the infrastructure and resources of MCV and RPI. In 1968, Gov. Mills E. Godwin Jr. signed that bold vision into existence as VCU.

Today, VCU serves an integral role in the economic and cultural vitality of the city and the state, educating the current

and future workforce, reaching out to the community, advancing research and enhancing patient care. More than 174,000 VCU alumni live and lead around the world.

The university enrolls more than 31,000 students in 225 degree and certificate programs in the arts, sciences and humanities. Seventy-nine of the programs are unique in Virginia, many of them crossing the disciplines of VCU’s 13 schools and one college. VCU has a full-time instructional faculty of more than 2,200 who are nationally and internationally recognized for excellence in the arts, business, education, engineering, the humanities, the life sciences, social work and all the health care professions.

VCU students and faculty live and work in locations around the state and around the world, including at the VCU School of the Arts in Qatar, which has been awarding fine arts degrees since 2002. The School of Medicine and the School of Pharmacy collaborated with the Inova Health System in Northern

Virginia to establish the VCU-Inova Campus for third- and fourth-year medical and pharmacy students, and the School of Pharmacy opened a second satellite location for Doctor of Pharmacy students at the University of Virginia Medical Center in Charlottesville.

As one of the pre-eminent, comprehensive academic medical centers in the nation — and the No. 1 hospital in Virginia as ranked in 2015 by U.S. News & World Report — VCU Medical Center offers state-of-the-art care in more than 200 specialty areas, many of national and international note, including organ transplantation, head and spinal cord trauma, burn healing and cancer treatment.

VCU and VCU Health have been honored with prestigious national and international recognition for top-quality graduate, professional and medical-care programs, reflecting a commitment to be among America’s top research universities focused on student learning.

Congratulations to all!
