GREATER RICHMOND CONVENTION CENTER ♦ RICHMOND, VIRGINIA

**VCU**

Dear Class of 2019:

Virginia Commonwealth University takes pride in the work it does to educate, research, create, heal and serve. Our students' experience here is relevant not only to what is happening today, but also to whatever may be in the future.

Today we celebrate as you, the Class of 2019, become graduates of VCU. Your success at one of America's nationally prominent public research universities signifies that you have done more than complete your courses and receive grades. Your degree means years of hard work and dedication to refining your skills and acquiring new ones. Your dedication to academic excellence will translate well to whatever you choose to do in the future.

For 181 years, your alma mater has focused on preparing students for a future as creators, educators, healers, innovators and entrepreneurs. As a graduate of VCU, I hope you will remember that your opportunities are boundless because your potential is limitless. On behalf of the faculty, staff, students and proud alumni of Virginia Commonwealth University, I congratulate you on the remarkable achievement of your Commencement. We are incredibly proud of you and wish you the brightest future possible.

Best wishes,

# Honorary Doctor of Humane Letters

**2019 Recipient**  
*Andrew C. Florance*

The Honorary Doctor of Humane Letters is Virginia Commonwealth University's highest form of recognition. Presented by the president at Commencement, it recognizes those individuals who have made outstanding contributions to society through scholarship, public service, humanitarianism, science and art.

Andy Florance founded CoStar Group from his dorm room as an undergraduate at Princeton University. Florance has led CoStar Group's growth from startup to one of the largest 500 public companies. Last year, half a billion people from 70 countries used CoStar Group's websites to rent, buy, analyze or finance a trillion dollars of real estate. Florance's enduring commitment to innovation was recognized with Ernst & Young's Entrepreneur of the Year Award and by Forbes magazine, which named CoStar among the 100 Most Innovative Growth Companies in the world. As CEO of CoStar Group, Florance leads an exceptional team of over 3,700 employees in 100 offices, operating 25 companies.

Among these companies, Apartments.com, with its spokesperson Jeff Goldblum, is the most heavily trafficked apartment website and helps tens of millions of people find apartments. CoStar and LoopNet are the most visited websites in the world for companies and investors looking to lease, buy or finance office, industrial and apartment buildings, as well as retail stores and land. BizBuySell.com is the largest website for people looking to buy and sell small businesses. The Lands of America network is the largest online marketplace for people buying and selling farms. These companies and 20 others have 200,000 clients and serve tens of millions of people.

Florance has identified, negotiated and acquired more than 30 public or private companies across six countries, has designed dozens of websites and has raised billions of dollars to fuel CoStar Group's growth. CoStar Group has performed in the top 10% of public companies, as \$10,000 invested into CoStar Group's IPO could be worth \$540,000 in 2019.

Florance has co-authored a number of academic articles on commercial real estate economics and received Best Manuscript Prize Awards and the Scholar Practitioner Prize from the American Real Estate Society. He is active in education, having served on six school boards over 28 years. He also served on several public company boards and six nonprofit boards. Florance is currently the chair of the board of the Washington National Cathedral and serves on the board of Management Leadership for Tomorrow, a nonprofit that develops diverse leaders.

He enjoys his spare time on a farm in the Virginia Blue Ridge Mountains with his wife, Heather, and two sons, Christopher and Matthew.

# Edward A. Wayne Medal

The Edward A. Wayne Medal was established in 1971 to honor individuals who have made outstanding contributions or provided exemplary services to Virginia Commonwealth University. Presented by the president at Commencement, the medal is named in honor of Edward A. Wayne, who was chair of the commission that led to the establishment of VCU in 1968 by the Virginia General Assembly. Mr. Wayne served as the university's first vice rector.

William "Bill" M. Ginther holds undergraduate and master's degrees from the VCU School of Business. He is a retired corporate executive vice president of SunTrust Bank, formerly Crestar, where he was responsible for bank operations and the retail branches. Bill worked for SunTrust for 37 years before retiring in 2007.

From 2010 to 2018, he served on the Board of Visitors, including serving as rector and vice rector. He is a founding trustee of the School of Business Foundation and a member of the Rams Club Advisory Committee and VCU Athletics Advisory Board. Bill's service includes previous membership on many boards, including the Business Alumni Society, VCU Health System Authority, MCV Foundation and School of Business Council. He is also former president of VCU Alumni.

Marsha C. Ginther attended Old Dominion University. She is an artist who works in clay. Marsha has been an active volunteer at Massey Cancer Center, specifically on the Women and Wellness Committee. She was co-chair for the capital campaign to buy and renovate the Visual Arts Center in Richmond.

The Gintners are steering committee members of the Make It Real Campaign for VCU. The couple received the Alumni Award for Extraordinary Service in 2016, and Bill was honored as an Alumni Star in 2000 and with an Outstanding Service Award from the School of Business Council in 1997.

The Gintners have an extraordinary legacy of service and philanthropy for more than two decades. In 1999, they established the Ginther Family Merit Scholarship in business. In 2015, they created the Bill and Marsha Ginther Family Endowed Research Fund at Massey. They have generously supported the School of Business Campaign and construction of the Athletics' basketball practice facility and the ICA's Markel Center.

The Gintners reside in Midlothian and have two children and five grandchildren.

# Edward A. Wayne Medal

The Edward A. Wayne Medal was established in 1971 to honor individuals who have made outstanding contributions or provided exemplary services to Virginia Commonwealth University. Presented by the president at Commencement, the medal is named in honor of Edward A. Wayne, who was chair of the commission that led to the establishment of VCU in 1968 by the Virginia General Assembly. Mr. Wayne served as the university's first vice rector.

Paul A. Gross is a professor emeritus and former Executive-in-Residence who served in the College of Health Professions at Virginia Commonwealth University from 1992 to 1996. He received the college's Health Administration Lifetime Service Award in 2009. Prior to VCU, Gross had a 30-year career in health administration marked by eight years as president, hospital division and executive vice president of Humana Inc. He also served eight years in the U.S. Navy.

A Richmond native, Gross holds a bachelor's degree from the University of Georgia, a master's degree in health administration from VCU and numerous professional certifications. A devoted member of VCU Alumni, he has received multiple honors for his service, including the Alumni Star award in 1989. Gross has also received the Presidential Medallion for his tremendous service to the university. He is a member of the School of Nursing's Cabaniss Society and a trustee emeritus of the MCV Foundation Board.

His legacy of philanthropy and service to the university has lasted more than 30 years. The Paul A. Gross Conference Center at the MCV Alumni House was named in 1991 in honor of his meaningful commitments to VCU, and in 1994, he established the Paul A. Gross Distinguished Leadership Lecture Series in the Department of Health Administration. In 2018, he and his wife, Veronica "Roni" Gross, R.N., made another generous commitment to establish the Paul A. and Veronica H. Gross Achievement in Nursing Award in the School of Nursing.

Gross's dedication to VCU and its students through more than three decades of engagement and generosity is extraordinary. His devoted service contributes to the prominence of the university and leaves a meaningful and lasting impact on our community.

Gross resides in Florida with his wife. They have five children and 11 grandchildren.

# Presidential Medallion

The Presidential Medallion was established in 1984 by the Virginia Commonwealth University Board of Visitors to honor the outstanding contributions of members of the university community. Presented by the president at Commencement, the award recognizes these individuals for extraordinary achievement in learning and commitment to the mission of VCU.

Francis L. Macrina, Ph.D., joined Virginia Commonwealth University as an assistant professor in 1974. He was appointed professor and chair of the Department of Microbiology and Immunology in 1983 and served in that position until 1995. From 1995 to 1997, he served as interim director of the Massey Cancer Center. In 1999, he was named as the founding director of the Philips Institute for Oral Health Research and was designated the Edward Myers Professor in Dentistry in 2000. In 2005, he was appointed vice president for research and innovation and served in that position for more than 13 years.

Over his 45-year career, Macrina taught extensively in the areas of microbiology, infectious diseases and research ethics. He has received multiple VCU awards for excellence in teaching and is the author of a widely used textbook in research ethics, now in its fourth edition. Macrina's research was continuously supported by the NIH for 33 years, and included prestigious Research Career Development and MERIT Awards.

His service contributions to his profession and the commonwealth of Virginia have included multiple terms on NIH study sections and chair of the National Institute of Dental and Craniofacial Research Board of Scientific Counselors. He served as director of the Virginia Center of Innovative Technology Institute of Biotechnology and a board member of the Virginia Biosciences Health Research Corporation, and was appointed to multiple advisory boards of the Virginia Bio+Tech Park. Macrina served as editor-in-chief of the journal *Plasmid*, as well as served on the editorial boards of three journals in the microbial sciences. In addition, Macrina was elected to a fellowship in the American Academy of Microbiology in 1993 and the American Association for the Advancement of Science in 2015.

Macrina earned his B.S. degree from Cornell University and his Ph.D. from Syracuse University, and he completed postdoctoral training at the University of Alabama at Birmingham. Macrina and his wife, Mary, will celebrate 50 years of marriage this November. The couple's two children and their spouses have blessed Mary and Frank with four grandchildren.

# Board of Visitors Award

---

The Virginia Commonwealth University Board of Visitors Award recognizes the achievements of an outstanding undergraduate student who represents the distinctive attributes of a VCU student: outstanding academic achievement, leadership and service to the university and the community at large. The recipient of the award will receive a one-year scholarship in the amount equal to in-state tuition and fees.

Sarah Izabel has been challenged at every step of her college career: by hunger, by homelessness and by raising a child alone. What could have been obstacles to success, however, have instead been opportunities for Izabel to demonstrate the inspiring determination for which she is known.

Working toward the goal of a Ph.D. in neuroscience by pursuing a double major in biology and psychology, Izabel represents the best of Virginia Commonwealth University. High academic achievement, outstanding leadership and exceptional service define her time at the university.

A member of the Honors College, Izabel has been described as a curious, driven student who will succeed at whatever she chooses due to an unequalled combination of intellect, motivation, work ethic and optimism. Her long list of honors includes a research award from the National Institutes of Health Undergraduate Scholarship Program and the VCU College of Humanities and Sciences Phi Kappa Phi Scholarship.

Demonstrating strong leadership skills while at VCU, Izabel has been recognized for exemplary service beyond normal expectations. She has served as a tutor for student athletes, a Campus Learning Center senior supplemental instruction leader, and an undergraduate biomedical researcher in the VCU School of Medicine's Department of Anatomy and Neurobiology. Currently Izabel is the VCU representative to the State Council for Higher Education and adviser for the SCHEV-Senior Vice Provost for Student Affairs Leadership Board. For her enduring positive impact on VCU, Izabel received the William H. Duval Award given by the VCU Division of Student Affairs.

Serving both the VCU and Richmond communities has also brought Izabel a sense of purpose and fulfillment. As a "Be the Match" campus volunteer, she has helped spread awareness of bone marrow disease within the VCU community and has recruited possible match members for the bone marrow bank. She has also worked as a health outreach program volunteer for VCU's Center on Health Disparities.

A member of the Class of 2020, Izabel is a native of Brazil and the mother of a young son.

# Academic Costume

---

The academic costume worn at American college exercises derives from the Middle Ages. The oldest universities of northern Europe, such as Paris and Oxford, grew out of church schools, and both faculty and students were regarded in the Middle Ages as a part of the clergy. They wore clerical habits, largely borrowed from the monastic dress of that day, not just on special occasions but as their regular attire.

The head covering of the academic costume developed from the skull cap worn by the clergy in cold weather to protect the tonsured head. In the universities, the skull cap acquired a point on top, which evolved into a tassel. The bonnet with tassel is still worn by degree holders of European universities. In America, it has been replaced by the familiar mortar board, which still retains the medieval tassel.

The hood (the medieval *caputium*) was originally a covering worn over the head in bad weather, otherwise dropped on the shoulders as the monk's cowl. At first it was worn by faculty and students alike, but in the early 16th century it was restricted to graduates, thus becoming the mark of a degree holder. Today, each college has its distinctive hood lining by which its graduates may be recognized in academic processions. Graduates from Virginia Commonwealth University may wear a hood showing a black chevron on gold background.

The gown comes from the medieval robe and seems to have been borrowed from the habit of the Benedictine monks. In the Middle Ages, undergraduates, bachelors and masters could be distinguished by the simplicity or intricacy of their gowns. The doctor's

gown was often furred, which survives today in the ornamentation found on the doctoral gown. Usually the gown is black, but some colleges have gowns of different colors.

The wide velvet borders extending down the front of the doctoral gown, the velvet bars on the sleeves, and the borders of most hoods are colored according to the scholarly field of the wearer.

# Recipients of Degrees

---

*Because of rigid time requirements, this program must be printed before the final list of degree candidates and final graduation honor status for undergraduate students can be determined.*

*The exclusion of the name of a student is not to be taken as indication of official status as a nongraduate, nor is the inclusion of a name of a student to be taken as certification of official status as a graduate. Only undergraduate students are eligible for honors designations.*

*These designations do not apply to the degrees received by graduate students.*

Virginia Commonwealth University is an equal opportunity, affirmative action university providing access to education and employment without regard to age, race, color, national origin, gender, religion, sexual orientation, veteran's status, political affiliation or disability.

Virginia Commonwealth University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award Baccalaureate, Master's, doctoral and first professional degrees.

# University Honors and Awards

## Honors College

VCU bestows the accolade of “graduation with University Honors” on graduating seniors who have attained distinction through impressive achievement in course work as well as other formal and informal educational experiences. To merit this distinction, students must complete a rigorous honors curriculum, excel in their academic work and submit an academic dossier that reflects their commitment to learning in the best university tradition. Their petition to graduate with University Honors must be approved by the Honors College Council. The medallions worn at Commencement recognize this achievement; this distinction is also noted on the students’ official transcripts and on their diplomas.

Virginia Commonwealth University is committed to excellence in teaching, research, public service, and patient care. To realize and recognize academic excellence is VCU’s highest priority. Honors College was established to help fulfill this objective by meeting the needs of academically talented undergraduate students.

# The Honor Society of Phi Kappa Phi

Phi Kappa Phi is a national honor society founded in 1897. The Virginia Commonwealth University chapter was established in 1976. The primary objectives of the society are to promote the pursuit of excellence in all fields of higher education and to recognize outstanding achievement by students, faculty and others through election to membership and various awards for distinguished achievement.

Phi Kappa Phi typifies the ideal characteristic of American higher education, for it exists for the dual purpose of recognizing and

honoring those students who attain high scholastic achievement and encouraging those students who are capable of doing so.

Phi Kappa Phi is unique because it recognizes scholarship in all academic disciplines and does not restrict membership to a specific field. Its interest and eligibility are extended across all subjects offered at the modern university and, by so doing, the society highlights the importance of appreciating and understanding more than a single limited specialty.

# Alma Mater

---

In March 2016, VCU Alumni's board of governors approved Virginia Commonwealth University's first alma mater, "We Gather Here." Written by Lemont "Monty" Kier, Ph.D., a longtime faculty member, and his son, Andy Kier, a 1990 VCU graduate, the school song honors the university's commitment to providing students with experiences that they carry with them beyond their years on campus.

## "We Gather Here"

**Lyrics:** Monty Kier

**Music:** Andy Kier

We gather here, our voices raise,  
of VCU we sing our praise,  
the Black and Gold our colors show,  
diversity and value grow.  
We've learned so much beyond each class,  
the joy of friendship will not pass.  
So much in life is mem'ry borne,  
of VCU they'll not be shorn.

The mem'ries of a campus walk,  
so many friends, we stop to talk,  
the friendships here were made to last,  
they're in our minds though years have passed.  
The seasons pass, the years roll by,  
from VCU the reason's why  
we are enriched from values learned,  
they bring us joy that we have earned.

Next year again we will be here  
to see our school and give a cheer.  
So VCU keep all that is great,  
you've brought us joy that is our fate.  
So come let us sing of VCU,  
with ev'ry verse we will renew  
the mem'ries from our campus time,  
each one embedded in a rhyme.

Dear graduate,

On behalf of VCU Alumni, I am privileged and honored to congratulate you on this wonderful occasion. Although you likely received support and encouragement from your families and friends, this is a personal achievement that is a tribute to your hard work and perseverance.

As you bring this chapter of your academic career to a close, I hope you will take a moment to recognize the opportunities that your university and alumni organization have provided to prepare you for this next step in your journey. You might be leaving campus, but you are not leaving alone. As a graduate, you join a community of more than 190,000 alumni throughout the world who engage with their communities and their alma mater to build on the strong foundation established by our past and present alumni organizations and leaders.

Your relationship with your alma mater can enhance and impact your life long after you graduate. This is an exciting time to become a part of VCU Alumni. Our inclusive membership organization welcomes all graduates, and guided by a new strategic plan, ELEVATE, we are amping up the alumni experience through increased programming in areas of interest to you. No matter where life takes you, VCU Alumni provides opportunities to stay engaged with the university and with your fellow classmates.

My wish for each of you is that you realize your full potential and, in doing so, use your significant talents and energies to support and strengthen your communities, your alumni organization and your university.

Be proud of your university because we are proud of you.

Yours for VCU,

# Virginia Commonwealth University

What we now know as Virginia Commonwealth University began as two institutions: the Medical College of Virginia, established in 1838 as the medical department of Hampden-Sydney College, and the Richmond School of Social Economy, founded independently in 1917 and then becoming the Richmond division of the College of William & Mary in 1925.

The Medical College of Virginia gained independence from Hampden-Sydney in 1854 and became state-affiliated in 1860. In 1939, the College of William & Mary changed the name of its Richmond campus to Richmond Professional Institute. RPI became an independent state school in 1962.

In 1967, VCU came closer to its current state. Edward A. Wayne Sr., president of the Federal Reserve Bank of Richmond, along with city and state leaders recommended the formation of a university using resources from MCV and RPI. With the signature of Gov. Mills E. Godwin Jr., Virginia Commonwealth University came into being in 1968 with Warren W. Brandt as president.

Today, President Michael Rao, Ph.D., is the leader of VCU and VCU Health System. A premier, urban public research university, VCU has garnered \$271 million in sponsored research as one of the nation's top 200 research universities. In 2019, U.S. News & World Report listed several VCU graduate and first-professional programs in the top 50 of their rankings. The School of the Arts, ranked second overall, holds the top ranking among public institutions. Among graduate and first-professional rankings, VCU's nurse anesthesia program is top in the nation. The same publication ranked VCU Medical Center's state-of-the-art care in more than 200 specialty areas among the best in the nation. A safety-net hospital,

VCU Medical Center is the top hospital in the metro area and is the only Level I medical center in Central Virginia. Additionally, the medical center is ranked second in the commonwealth as the top place to seek medical care and treatment in areas ranging from organ transplantation and burn healing to head and spinal cord trauma and cancer treatment.

With an enrollment of more than 31,000 students from 108 countries in 217 degree and certificate programs — 37 of which are unique to Virginia and serve cross-disciplinary purposes — VCU also boasts educators who are nationally and internationally recognized for their excellence in the arts, business, education, engineering, the humanities, life sciences, social work and all of the health care professions. VCU employs over 2,200 full-time instructional faculty who are nationally and internationally recognized for their high-quality instruction across 11 schools and three colleges.

With campuses beyond Richmond, VCU students and faculty live and work in locations throughout the commonwealth and the world. For over a decade, students enrolled at VCU School of the Arts Qatar receive the same world-renowned education and training as students in Richmond. The School of Medicine and School of Pharmacy's collaboration with Northern Virginia's Inova Health System successfully established the VCU Inova campus and now educates third- and fourth-year medical and pharmacy students. In Charlottesville, the School of Pharmacy's second satellite location for Doctor of Pharmacy students operates at the University of Virginia Medical Center.

More than 193,000 VCU alumni live worldwide, leading and positively impacting their communities.

*Congratulations to all!*
