Commencement

MAY 13, 2017

THE RICHMOND COLISEUM ♦ RICHMOND, VIRGINIA

VCU

Dear Class of 2017:

Virginia Commonwealth University takes pride in the work it does to educate, create, research, heal and serve. The education students receive here is relevant not only to what is happening today, but also to whatever may be in the future.

Today we celebrate, as you, the Class of 2017, become graduates of VCU. Your success at one of America's great public research universities signifies that you have done more than complete your courses and receive grades. Your degree signifies years of hard work and dedication to refining your skills and acquiring new ones. Your dedication to academic excellence will translate well to whatever you choose to do in the future.

For 179 years, your alma mater has focused on preparing students for a future as creators, educators, healers, innovators and entrepreneurs. As a graduate of VCU, I hope you will remember that your opportunities are without limit because your potential is limitless. On behalf of the faculty, staff, students and proud alumni of Virginia Commonwealth University, I congratulate you on the remarkable achievement of your Commencement. We are incredibly proud of you and wish you the brightest future possible.

Best wishes,

A handwritten signature in black ink that reads "Michael Rao". The signature is written in a cursive, flowing style.

Commencement Speaker

Sen. Timothy M. Kaine

Sen. Timothy M. Kaine has helped people throughout his life as a missionary, civil rights lawyer, teacher and elected official. He is one of 30 people in American history to have served as a mayor, governor and U.S. senator.

Kaine was elected to the Senate in 2012 and serves on the Armed Services, Budget, Foreign Relations, and Health, Education, Labor and Pensions committees. He is the ranking member of the Armed Services Readiness Subcommittee and the Foreign Relations Subcommittee on Near East, South Asia, Central Asia and Counterterrorism.

He has introduced many pieces of important legislation for Virginia, including a bill to recognize six Virginia Indian tribes, to encourage public secondary schools to teach students how to prevent dating violence and sexual assault, as well as to increase access to life-saving overdose medication and prevent drug-related deaths. Kaine also worked to pass bipartisan legislation to expand pediatric cancer research at the National Institutes of Health in honor of Gabriella Miller, a young girl from Leesburg, Virginia, who lost her battle with brain cancer in October 2013.

He is a leading voice in efforts to expand the role of Congress in foreign policy and improve the way Congress and the president consult on matters of war, peace and diplomacy. In addition, Kaine has advocated policies that help veterans and military families and that would expand students' options for receiving a high-quality and affordable education. The first piece of legislation he introduced in the Senate is currently helping active-duty servicemembers attain civilian credentials for military skills to assist their transition into the workforce.

Kaine is a graduate of the University of Missouri and Harvard Law School and started his public service career by taking a year off from Harvard to run a technical school founded by Jesuit missionaries in Honduras. After law school, he practiced law in Richmond for 17 years, specializing in the representation of people who had been denied housing due to their race or disability. He also began teaching part-time at the University of Richmond in 1987.

First elected to office in 1994, he served as a city councilmember and then mayor of Richmond. He became lieutenant governor of Virginia in 2002 and was inaugurated as Virginia's 70th governor in 2006.

He is married to Anne Holton, with whom he has three adult children.

Edward A. Wayne Medal

The Edward A. Wayne Medal was established in 1971 to honor individuals who have made outstanding contributions or provided exemplary services to Virginia Commonwealth University. Presented by the president at Commencement, the medal is named in honor of Edward A. Wayne, who was chair of the commission that led to the establishment of VCU in 1968 by the Virginia General Assembly. Mr. Wayne served as the university's first vice rector.

William A. Royall Jr. is the founder of Royall & Co., a national marketing firm that provides enrollment management and fundraising services for more than 300 colleges and universities. He recently served as a member of the Virginia Commonwealth University Board of Visitors, including two years as vice rector. He currently serves on the executive committee of the VCU Real Estate Foundation Board and is a former member of the VCU Heath System board. Bill was a journalism major at VCU and executive editor of the Commonwealth Times.

Pamela Kiecker Royall, Ph.D., is head of research at Royall & Co. She is the immediate past chair of the VCU Massey Cancer Center Advisory Board and a member of the VCU School of Business Foundation Board. She was professor of marketing and chair of the Department of Marketing in the School of Business prior to joining Royall & Co. Pam also is a trustee of Carleton College, her alma mater. The Minnesota native earned an M.B.A. from Minnesota State University and a Ph.D. in business administration from the University of Colorado at Boulder.

As co-chairs of the successful \$37 million campaign for the VCU Institute of Contemporary Art, the Royalls have spent countless hours helping the university with the creation of this important arts and community institution. Having expertise in streamlining business processes, their vision and financial support helped the Massey Cancer Center develop new ways to make clinical trials more efficient, reducing the time required for cancer treatment to reach patients.

The couple's exceptional generosity is making a difference across the university by supporting students, faculty, patients, programs, research and facilities. Their dedication to VCU has contributed to the prominence of the university and will leave a meaningful and lasting mark on the Richmond community for years to come.

The Royalls live in Richmond and have five children and four grandchildren.

Board of Visitors Award

The Virginia Commonwealth University Board of Visitors Award recognizes the achievements of an outstanding undergraduate student who represents the distinctive attributes of a VCU student: outstanding academic achievement, leadership and service to the university and the community at large.

The recipient of the award will receive a one-year scholarship in the amount equal to in-state tuition and fees.

Sogand Karimian has always had a passion for health care, and through her high academic achievement, outstanding leadership and exceptional service locally and abroad, the aspiring nursing professional represents the best of Virginia Commonwealth University.

With a 4.0 grade point average, Karimian has earned an outstanding academic record as a nursing major. She has been described as an engaged, highly motivated and bright student who enjoys learning and interacting with her classmates. Karimian has earned recognition on the dean's list and recently presented at the National Conference of Undergraduate Research.

Karimian has demonstrated strong leadership skills while at VCU through her work with various service-oriented student organizations. As the vice president of Project Sunshine and public relations officer for the Global Medical Training and Health Disparities Organization, she is often organizing and promoting events and service trips that positively impact critically ill and impoverished patients. Her leadership is fueled by her desire to make a positive difference and bring hope to many.

Serving people of all ages has brought a sense of compassionate purpose to Karimian. From volunteering at an elder care facility and typing notes for her disabled classmates, to providing clothing and food to 40 orphans and health care to hundreds of Nicaraguan families, she has seen the impact a person can make on the lives of others in a meaningful way. These experiences and the support from her family and university community have helped shape her personal growth.

Karimian is a first-generation American and the first in her family to attend college.

Academic Costume

The academic costume worn at American college exercises derives from the Middle Ages. The oldest universities of northern Europe, such as Paris and Oxford, grew out of church schools, and both faculty and students were regarded in the Middle Ages as a part of the clergy. They wore clerical habits, largely borrowed from the monastic dress of that day, not just on special occasions but as their regular attire.

The head covering of the academic costume developed from the skull cap worn by the clergy in cold weather to protect the tonsured head. In the universities, the skull cap acquired a point on top, which evolved into a tassel. The bonnet with tassel is still worn by degree holders of European universities. In America, it has been replaced by the familiar mortar board, which still retains the medieval tassel.

The hood (the medieval *caputium*) was originally a covering worn over the head in bad weather, otherwise dropped on the shoulders as the monk's cowl. At first it was worn by faculty and students alike, but in the early 16th century it was restricted to graduates, thus becoming the mark of a degree holder. Today, each college has its distinctive hood lining by which its graduates may be recognized in academic processions. Graduates from Virginia Commonwealth University may wear a hood showing a black chevron on gold background.

The gown comes from the medieval robe and seems to have been borrowed from the habit of the Benedictine monks. In the Middle Ages, undergraduates, bachelors and masters could be distinguished by the simplicity or intricacy of their

gowns. The doctor's gown was often furred, which survives today in the ornamentation found on the doctoral gown. Usually the gown is black, but some colleges have gowns of different colors.

The wide velvet borders extending down the front of the doctoral gown, the velvet bars on the sleeves, and the borders of most hoods are colored according to the scholarly field of the wearer.

Recipients of Degrees

Because of rigid time requirements, this program must be printed before the final list of degree candidates and final graduation honor status for undergraduate students can be determined.

The exclusion of the name of a student is not to be taken as indication of official status as a nongraduate, nor is the inclusion of a name of a student to be taken as certification of official status as a graduate. Only undergraduate students are eligible for honors designations.

These designations do not apply to the degrees received by graduate students.

Virginia Commonwealth University is an equal opportunity, affirmative action university providing access to education and employment without regard to age, race, color, national origin, gender, religion, sexual orientation, veteran's status, political affiliation or disability.

Virginia Commonwealth University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award Baccalaureate, Master's, doctoral and first professional degrees.

University Honors and Awards

Honors College

VCU bestows the accolade of “graduation with University Honors” on graduating seniors who have attained distinction through impressive achievement in course work as well as other formal and informal educational experiences. To merit this distinction, students must complete a rigorous honors curriculum, excel in their academic work and submit an academic dossier that reflects their commitment to learning in the best university tradition. Their petition to graduate with University Honors must be approved by the Honors College Council. The medallions worn by these students at Commencement recognize this achievement; this distinction also is noted on the students’ official transcripts and on their diplomas.

Virginia Commonwealth University is committed to excellence in teaching, research, public service and patient care. To realize and recognize academic excellence is VCU’s highest priority. The Honors College was established to help fulfill this objective by meeting the needs of academically talented undergraduate students.

The Honor Society of Phi Kappa Phi

Phi Kappa Phi is a national honor society founded in 1897. The Virginia Commonwealth University chapter was established in 1976. The primary objectives of the society are to promote the pursuit of excellence in all fields of higher education and to recognize outstanding achievement by students, faculty and others through election to membership and various awards for distinguished achievement.

Phi Kappa Phi typifies the honor society's ideal characteristic of American higher education, for it exists for the dual

purpose of recognizing and honoring those students who attain high scholastic achievement and encouraging those students who are capable of doing so.

Phi Kappa Phi is unique because it recognizes scholarship in all academic disciplines and does not restrict membership to a specific field. Its interest and eligibility are extended across all subjects offered at the modern university and, by so doing, the society highlights the importance of appreciating and understanding more than a single limited specialty.

Alma Mater

In March 2016, VCU Alumni's board of governors approved Virginia Commonwealth University's first alma mater, "We Gather Here." Written by Lemont "Monty" Kier, Ph.D., a longtime faculty member, and his son, Andy Kier, a 1990 VCU graduate, the school song honors the university's commitment to providing students with experiences that they carry with them beyond their years on campus.

"We Gather Here"

Lyrics: Monty Kier **Music:** Andy Kier

We gather here, our voices raise,
of VCU we sing our praise,
the Black and Gold our colors show,
diversity and value grow.
We've learned so much beyond each class,
the joy of friendship will not pass.
So much in life is mem'ry borne,
of VCU they'll not be shorn.

The mem'ries of a campus walk,
so many friends, we stop to talk,
the friendships here were made to last,
they're in our minds though years have passed.
The seasons pass, the years roll by,
from VCU the reason's why
we are enriched from values learned,
they bring us joy that we have earned.

Next year again we will be here
to see our school and give a cheer.
So VCU keep all that is great,
you've brought us joy that is our fate.
So come let us sing of VCU,
with ev'ry verse we will renew
the mem'ries from our campus time,
each one embedded in a rhyme.

Dear graduate,

On behalf of VCU Alumni, I am privileged and honored to congratulate you on this wonderful occasion. Although you likely received much support and encouragement from your families and friends, this is a personal achievement that is a tribute to your hard work and intellectual perseverance.

As you bring this chapter of your academic career to a close, I hope you will recognize that your university and your alumni organizations have provided you with solid ground from which to jump-start your career. I also hope that you, as alumni, will use your significant talents and energies to expand your alumni organization's stewardship.

As a graduate, you join more than 183,000 VCU alumni throughout the world and, with words and deeds, show the excellence and quality of your education. Be proud of your university, because we are proud of you.

Our wish for each of you is that you realize your full potential and, in doing so, find a method of contributing to society and the university in a way that is meaningful for you.

Please consider joining VCU Alumni and continue to be engaged with your alma mater. Your membership creates opportunities for you to have a positive influence on VCU and to ensure a powerful legacy for the benefit of future generations.

Yours for VCU,

A handwritten signature in cursive script that reads "James E. Williams".

Virginia Commonwealth University

What we now know as Virginia Commonwealth University began as two institutions: the Medical College of Virginia, established in 1838 as the medical department of Hampden-Sydney College, and the Richmond School of Social Economy, founded independently in 1917, then becoming the Richmond division of the College of William & Mary in 1925.

The Medical College of Virginia gained independence from Hampden-Sydney in 1854 and became state-affiliated in 1860. In 1939, the College of William & Mary changed the name of its Richmond campus to Richmond Professional Institute. RPI became an independent state school in 1962.

In 1967, VCU came closer to its current state. Edward A. Wayne Sr., president of the Richmond Federal Reserve Bank, along with city and state leaders recommended the formation of a university using resources from MCV and RPI. With the signature of Gov. Mills E. Godwin Jr., Virginia Commonwealth University came into being in 1968 with Warren W. Brandt as president.

Today, President Michael Rao, Ph.D., is the leader of VCU and VCU Health System. A premier, urban public research university, VCU has garnered \$271 million in sponsored research as one of the nation's top 200 research universities. In 2016, U.S. News & World Report listed several VCU graduate and first-professional programs in the top 50 of their rankings. The School of the Arts, ranked second overall, holds a top ranking among public institutions. Among graduate and first-professional rankings, VCU's nurse anesthesia program is top in the nation. The same publication ranked VCU Medical Center's state-of-the-art care in more than 200 specialty

areas among the best in the nation. A safety-net hospital, VCU Medical Center is ranked second in the commonwealth and as the top place to seek medical care and treatment in Central Virginia in areas ranging from organ transplantation and burn healing to head and spinal cord trauma and cancer treatment.

With an enrollment of more than 31,000 students in 225 degree and certificate programs — 79 of which are unique to Virginia and serve cross-disciplinary purposes — VCU also boasts educators who are nationally and internationally recognized for their excellence in the arts, business, education, engineering, the humanities, life sciences, social work and all of the health care professions. VCU employs over 2,200 full-time instructional faculty who are nationally and internationally recognized for their high-quality instruction across 13 schools and one college.

With campuses beyond Richmond, VCU students and faculty live and work in locations throughout the commonwealth and the world. For over a decade, students enrolled at VCU School of the Arts Qatar receive the same world-renowned education and training as students in Richmond.

The School of Medicine and School of Pharmacy's collaboration with Northern Virginia's Inova Health System successfully established the VCU Inova campus and now educates third- and fourth-year medical and pharmacy students. In Charlottesville, the School of Pharmacy's second satellite location for Doctor of Pharmacy students operates at the University of Virginia Medical Center.

More than 183,000 VCU alumni live worldwide, leading and positively impacting their communities.

Congratulations to all!
