Don't Take Chances!

They Just Aren't Necessary!

We know your time is valuable. So is ours. That's why the quality control systems at Saunders Dental Laboratory, Inc. are so strict. We realize that the most important virtue in selecting a dental laboratory is quality.

Designing the metal framework for porcelain-fused-to-metal restorations is not a simple task.

Selecting the proper alloy is an important factor. Choose one you feel confident will produce the finest, most precise results.

Specify Chemodent® (CM) alloy the first patented silver-free palladium-base alloy to be marketed

(CM) has been in use for over four years with excellent clinical records. We have a brochure entitled, The Fifth System, which explains how (CM) alloy was designed to meet the needs of modern dentistry. For a copy and more information, call or write.

COVER

The official emblem of dentistry as adopted by the American Dental Association in November, 1965.
MEMBERSHIP DIRECTORY

VIRGINIA DENTAL ASSOCIATION

How To Use This Directory

This Directory is divided into two lists of dentists:

1. An alphabetical list of dentists showing their component number and city, pages 7 to 26.
2. A geographical list of dentists in which cities are arranged alphabetically within each of the eight component society areas. Names in this list are coded to include type of practice, the dental school, year of graduation, membership in Virginia Dental Association and year of birth. Zip code follows street address, pages 27 to 81.

EXPLANATION OF CODE NUMBERS:

First Column: Figures in the first column indicate character of practice or principal occupation. Special areas of dental practice which are approved by the American Dental Association are endodontics, oral pathology, oral surgery, orthodontics, pedodontics, periodontics, prosthodontics and dental public health.

11 General practitioner
12 Oral Surgeon
13 Orthodontist
14 Pedodontist
15 Periodontist
16 Prosthodontist
17 Oral pathologist
18 Public Health
19 Full-time on faculty of dental school
20 Intern, resident or post graduate in approved program
21 Full-time in state public dental health program
22 Endodontist

The designation of character of practice within this Directory is limited in accordance with a policy adopted by the Board of Trustees of the American Dental Association, April, 1965, which establishes the qualifications for listing character of practice. Since inclusion in the Character of Practice section does not require limitation of practice, it should not be assumed that this section constitutes a listing of dentists engaged in limited practice in accordance with the requirements of section 18 of the ADA Principles of Ethics.

Note: Only those dentists who have applied for specialty listing in the American Dental Directory and are so listed in that Directory show a specialty classification in the V.D.A. Directory.

Second Column: Figures in the second column indicate the dental school from which the dentist was graduated. A list of dental schools arranged by code number is provided on pages 5 and 6.

Third Column: Figures in the third column indicate the year of graduation.

Fourth Column: Figures in the fourth column indicate membership status in the Virginia Dental Association.

M Missionary member
W Active member
X Life member
Y Associate member
Z Retired
F Fellow (Honorary designation)

Fifth Column: Figures in the fifth column indicate the year of birth.

Although care has been exercised in compiling this directory, its information is not guaranteed, and no responsibility is assumed for errors or omissions.

Delta Dental Plans, the nationwide system of dental service corporations formed and sponsored by state dental societies, take their name and service mark from dentistry’s official symbol.

The Greek letter “delta” is an integral part, along with the letter “omicron”, of the symbol that stands for dentistry.

Our name and symbol are appropriate: Delta does stand for dentistry.

The Delta system, for example, was created by the organized profession to provide prepaid group dental benefits to the public on a not-for-profit basis.

Delta Plans are the only prepayment organizations directly guided by the dental profession, and the only carrier system with direct dental input in benefit program design, provider compensation, and administration.

For more than 20 years, the Delta system has been the voice of the organized profession in the prepaid dental benefits marketplace. Delta programs have been the benchmark for prepaid programs, and Delta Plans have led the way for the entire prepayment industry in terms of broad scope benefit coverage, the usual, customary and reasonable fee concept, peer review, and other administrative procedures to protect the legitimate interests of the practicing dentist, the covered dental patient, and the program purchaser.

Your Delta Plan and its future growth and continued success is dependent upon your interest, support and participation. Its future is that of dentistry and intertwined.

You only need one CAP to put the lid on rising dental supply costs.

With the cost of everything rising continually, it's important to seek savings everywhere. And, one place is in the running of a successful dental practice. That's where Healthco can help with CAP (Custom Acquisition Program).

CAP is designed to put a lid on the increasing costs, both in time and dollars, involved in ordering, storing and paying for dental supplies. And it frees you to practice your profession by giving you and your staff more chair time.

CAP provides the full benefit of day-to-day assistance in running your office efficiently and productively.

- CAP projects your merchandise and small equipment needs for the future.
- CAP guards against future price increases on everything you purchase at the time your order is placed.
- CAP enables you to get the best competitive rate for your future supplies of name brand merchandise, as well as on the broad line of economical, high-quality Healthco brands.
- CAP provides your Healthco sales representative with the means of establishing a customized inventory control system for your office.
- CAP insures against back orders.
- CAP saves you the cost of price inquiries, purchasing procedures, expediting back orders and staff time spent on purchasing and receiving functions.
- CAP cuts invoice paperwork by more than half. You pay for your entire purchase in equal monthly installments.

So, when you're looking for savings, let Healthco put a CAP on rising dental supply costs. For complete information, contact your Healthco representative.
WE’VE BEEN PRESENTING GREAT PORCELAIN RESTORATIONS FOR OVER 50 YEARS AT J. MINOR STURGIS PORCELAIN LAB.

At J. Minor Sturgis Porcelain Lab, we guarantee our product will be right in quality, right-on-time, and right in pricing. Over 50 years in business has established our reputation for fine craftsmanship and has won the patronage of more than 5000 laboratories who recognize Sturgis as one of the art dental laboratory.

From our highly skilled staff to the technician most qualified for the particular job, whether it be bridges, or orthodontic appliances, the latest technology and equipment follows the job through to completion. The personalized approach it gives you a finer quality restoration by a technician who takes pride in his work.

Our fees are flat-priced with no charge for reshade charges, and we can charge both ways on your account. For your added convenience, we have an automated free number. We also provide an automated free number and delivery service for local cases.

The right quality, the right service, the right price. Give us your impressions and we promise to produce them right.

DON'T PULL THAT BRIDGE!
Repair it with porcelain in the mouth!

Oh no! Mrs. Jones with a fractured porcelain unit in that ten unit bridge. Why me? Why now? The wasted chair time. the cost. the dissatisfaction. her discomfort.

That was once true before we offered our technique for repairing fractured porcelain on bridge work without removing the bridge from the patient's mouth. A logical step by step procedure to repair the fractured unit with porcelain not resins or composite.

So when you are faced with the tough problem of removing a fractured porcelain bridge for repair think of Pfisterer. We've got the technique down to a science DEPEND ON IT!

I don't want to pull another bridge!

Please send me mailing supplies and information.
I have a case in mind.

Please call me between ____________________ & ____________________ I need assistance now.

Compare conventional porcelain with new Micro-Bond Natural Ceramic and see...

The Visible Difference

Before: A six tooth upper anterior bridge and lower posteriors made in conventional porcelain do not exhibit fluorescence comparable to natural dentition under UV light. At left, a shade tab of the new Micro-Bond Ceramic, selected in natural light, shows the proper level of fluorescence to blend with the vital lower anteriors.

*Vita YMA 66 Vita is a registered trademark of Vita Zahnfabrik A.G.

After: A replacement six tooth bridge processed in Micro-Bond* Natural Ceramic displays fluorescence comparable to the patient's natural lower anteriors under the same UV light.

*Micro-Bond is a registered trademark of Howmedica, Inc.

Fluorescence is a vital factor in the appearance of natural and artificial dentition. Conventional dental porcelains do not fluoresce at the same level as vital dentition under ultraviolet (UV) light. Unfortunately, your patients risk being exposed to UV lighting almost every day—in restaurants, bars, discos and under the “bug lights” used at outdoor parties.

Now, Howmedica introduces the new Micro-Bond Natural Ceramic System—the first dental ceramic to fluoresce naturally under any lighting conditions which has all the following features...

- A patented rare earth fluorescing agent in all three layers—Opaque, Body and Incisal.
- Uranium-free ceramics that eliminate radioactivity and its associated risks to health.
- Final restorations that fluoresce naturally under all lighting conditions, including UV light.
- Color-coded ceramics that aid ceramists in the build-up of Body and Incisal material.

Prescribe the restoration that assures patient satisfaction...Micro-Bond Natural Ceramic.
