## 32 Are Seeking Offices in SGA, Three Classes

By Sam Shield

Thirty-two students will be vying for Student Government Association and class offices in election campaigns which officially will be kicked off April 12.

Mike Boblitz, chairman of the SGA Board of Elections, announced the list of candidates Wednesday night after the Board met to select qualified candidates.

## Dance Club Concert Loses Big

The Dance club lost more than \$1,400 at a concert it presented March 21.

A crowd of about 80 persons showed up at 75 cents a head to hear the Hi-Landers present a folk, jazz, spiritual, rock and roll and modern harmony concert.

The same group appeared here last December free of charge.

A spokesman for the Dance club blamed a performance by James Brown at the State Fairgrounds as cutting sharply into attendance.

### Fine, Versatile Group

"I'm sorry more students didn't take advantage of this opportunity to hear a fine, versatile group," Mike Boblitz, speaking for the Dance club, said.

"I believe the poor turnout can be attributed to the fact there were several competing functions and that the advertising agency (for the Hi-Landers) did not come through with the posters. We will have the Hi-Landers back again some time," Student Government Association President Tony Woolford, said.

## Vicky Victor Is Named Annual Chief

By Diane Pioro

Vicky Victor, a pert brownette who can spout a car's vital statistics as well as any male, will soon be spouting an editor's jargon as the new Cobblestone chief.

With this year's annual completed and the staff's job done, a new staff is being selected to begin planning for next year's book.

Vicky was named editor last week by Denny Cruse, outgoing editor, at a banquet in the Sheraton Motor Inn.

Vicky said as soon as staff openings are filled, the group will meet to begin organizing and presenting ideas for next year's annual. Among the matters to be settled will be the selection of a publishing firm.

Vicky's experience with year-books includes work as this year's features editor and as advertising manager on a high school year-book.

Graduated from Warwick High School in Newport News, Vicky went to Danville's Averette College for a year and majored in biology

In other action this week, the Board of Elections ruled that the candidate having the highest number of votes for each SGA office will be declared elected to that office regardless of sex.

The new ruling changed Article IV, Section I, Item 3 of the SGA constitution which stated the Board of Elections must see that members of the opposite sex run for the office of SGA president and vice-president.

### Have Both Sexes Running

The board agreed it was its job to try to have members of both sexes running for the offices, but if the committee's efforts prove futile, then the election would continue as set by the constitution.

Mike Boblitz, Board of Elections chairman, met with all SGA and class office candidates last night and discussed the rules the Board would enforce during the elections.

"The board of elections has voted to limit the amount a candidate may spend on his campaign to \$25," Boblitz said.

"The maximum amount for a slate of officers, be it two or more, is \$60."

### Committee to Keep Tabs

Candidates were also informed the SGA Bulletin Board committee will keep tabs on all posters to see that posters meet the standards set by the committee.

"Posters for the campaign for bulletin boards must be no larger than 22" by 14", Boblitz said. No candidate may have more than one poster on each bulletin board.

Class elections will take place between 7:45 a.m. and 4:30 p.m.,

## 'I'll Get Home Thumb Way'

Sophomore Jody Barnes, Fashion Illustration major from Wilmington, Del., is determined to find a way home today. The mass exodus for spring vacation officially begins at 5 p.m. Classes resume 8 a.m., April 12.

## Circle K Gets Award

The Circle K club was honored last week end at its Capital district convention held in Norfolk.

Graham Perkins, governor of the Capital district, honored the organization here for having the most members at the meeting.

The Capital district includes Virginia, Maryland and the District of Columbia.

Emmett Powell, Junior Education major from Richmond, was elected lieutenant governor for the coming year of division two which includes Randolph-Macon, RPI, the University of Richmond and Richard Bland Junior College.

The club also won second place in scrapbook competition and was voted the most active club.

## Fine Arts Festival Rolls Along

### Plans and Changes Made in Program

A few changes, more planning and preparation are rounding out the \$3,500, week-and-a-day Fine Arts Festival—(Bang)!

The festival is set to begin April 19 with a "synthesis" and end April 26 with two one-act plays.

Among the changes announced this week is the substitution of Allen Solomon, director of the Jewish Museum of New York, for critic Henry Geldzahler in the April 22 discussion of American art.

Added to the program will be a six-hour movie, "Sleep," beginning at 10:45 a.m., April 20. The movie shows a human being sleeping. Producer Andy Warhol says it is an explanation of repetition and monotony in art today.

### Two Film Prizes

Two \$100 prizes will be offered in the second annual Richmond Film Festival, April 23 and 24. Richard Cossit, art critic for the Richmond Times-Dispatch, and Alex Jackson, head of the department of art for the Norfolk division of Virginia State College, will serve as judges for the films.

A rhythm and blues band will be an addition to the April 24 program.

Here is a rundown on the activities:

Monday, April 19—a "synthesis" will be presented at 8 p.m. by about 125 students and faculty. A series of impromptu scenes constructed around the subject of war, the synthesis will incorporate sculpture, drama, choreography, music, noise, sound, architecture and cinema photography.

Tuesday, April 20—a dance recital will be given at 8 p.m. by Jill Johnston, a dance critic. A group of independent dancer/choreographers composed of Yvonne Rainer, Lucinda Childs and Robert Morris will perform. All were formerly associated with the New York Judson Art Theatre.

## House Makes Changes In SGA Constitution

The Student Government Association House made two changes in the SGA constitution this week, and the House Speaker asked for apologies from two Senators who criticized action taken by the House two weeks ago on Senate motions.

Amendments to the constitution stated representatives may miss four meetings instead of 50 per cent of all House meetings. The second amendment said re-elected House members do not have to re-take the SGA test.

At the Senate meeting, Speaker of the House Wayne Tucker, demanded apologies from Howard Koch, Junior class Senator, and Paulette McCall, Junior class president, for respective comments the House "picked at everything" and the Senate should give the House something the members could "grasp in their little heads."

The comments came when the

House failed to pass a Senate motion to look into methods of making alleys safer. The House complained the motion was not specific enough.

Tucker said if the apologies were not made both to the Senate and to the House, he would declare war on the Senate.

Koch explained the motion was as specific as the Senate could have made it, because the Senate was not aware of the safety methods that could be employed.

Russell A. Johnston, dean of students, said both the House and Senate should be very careful and research motions.

In other Senate business, SGA President Tony Woolford reported he had discussed the Honor Code and the drinking question with Dr. Oliver, who said the college was a state institution and would abide by state laws.

## Time Out for Silence

The Student Government Association Senate was subdued to an almost semi-silent state this week by the threatening presence of a tape recorder which had been set up by a student attending the meeting.

As he readied the recorder for action, the student indicated Senate members might exercise a little more self-discipline and forethought in their comments at meetings.

The presence of the recorder probably has distinguished this meeting as the quietest Senate gathering ever on SGA record.

Unknown to the Senate members, however, was the fact that the recorder's microphone was broken and none of the meeting went on tape.

The rather informal atmosphere of SGA meetings has seemed to influence members of the Senate and House to make haphazard statements which they later attempt to retract.

At Monday's meeting, for example, two Senators apologized to House Speaker Wayne Tucker for statements they had made to the Senate the previous week.

Before offering his apology, one of the Senators claimed that he had been quoted out of context by the Proscript in an article which appeared in the paper last Friday.

In October, Tucker himself denied a statement which the Proscript had printed. The quote had appeared in the notes taken by three members of the Proscript staff who had covered the meeting; and when the House minutes were read by the SGA Secretary at the next House meeting, the same quote was found to have been recorded in her minutes.

We might suggest to the SGA members in lieu of questioning the accuracy of Proscript quotes, they adopt the practice of thinking carefully about a matter before their comments are made for public record.

## 32 Students Seek SGA, Class Offices

(Continued from Page 1)

April 16, in the Rotunda following a week of campaigning.

SGA elections will take place the same time, April 23, in the Rotunda following one week of campaigning.

Each student voting in the elections must present his Identification card at the polls.

Members of the SGA Senate and House will sit at the polls. Two people will man the polls at all time.

"If either of those two people are not present at the polls during voting hours, then we'll close down the polls for that hour," Boblitz said.

Candidates may construct stunt and hospital booths as long as they are within school rules.

"If any conflicts arise," Boblitz said, "the Board will settle the dispute and that will be the final settlement."

Candidates for SGA offices—president, Emmett Powell, Howard Koch and Donald Smith; vice-president, Sam Assaid and James Acra Jr.; secretary, Dennis Carey; treasurer, Peggy Kay, Lewis Clayton and Joyce Ann Hendricks.

### Senior Candidates

Senior class candidates—president, Jerry Stone and John Welch; vice-president, Judi Chatham; secretary, Nancy Yowell and Cheryl Zatcoff; treasurer, Patsy Deer and Harriet Cooley; SGA representative, Gail Pierson and Paulette McCall.

Candidates for Junior class offices—president, Ed Hawpe and Becky Schwaab; vice-president, Mary Brownlee; secretary, Marena Grant; treasurer, Jim Laney; SGA representative, Bob Borden Jr.

## Campus News Briefs

The School of Engineering Technology today is sponsoring a visit of the National Aeronautics and Space Administration's Space Shuttle.

Demonstrations will be given at 10:30 a.m., 1, 3 and 7:30 p.m. in Shafer Street Playhouse.

The Richmond-Hopewell section of the Instrument Society of America is holding its sixth annual instrumental and education exhibit through 9 p.m. today in the gymnasium.

The School of Engineering will present displays in drafting, electricity, industrial electronics and air conditioning education. In addition 26 companies will show technology-connected equipment.

This is the only such exhibit on the east coast this year.

The Jewish Community Center, 5403 Monument ave., will hold its fourth annual "Undiscovered Artist" exhibit April 24-May 24.

Ed Steinberg, chairman of the Art Committee, said the Center had over 250 entries last year and anticipates more this year.

An individual may submit as many as three items of work.

Entries must be of recent origin and not cited at a major show in the area. A fee of \$1 per item is charged to cover insurance and handling. Entries will be accepted April 9, 10, 12 and 13.

Jury members Jeanne Campbell, Dick Cossitt, and John Curran will

review all entries, exhibit those of highest merit, and select those to receive special awards.

A program for the exhibit may be obtained from the Center or local art stores.

The Wesley Foundation will hold an international Maundy Thursday service of Holy Communion April 12.

The service will be led by the Rev. W. Hewlette Jr. and will begin at 10 p.m. in the Wesley room of Pace Memorial Methodist Church, 700 West Franklin st.

All students, faculty and staff are invited to the service.

Circle K International, which has a campus chapter here, has been awarded the George Washington Medal by the Freedoms Foundation, an organization created to sustain the philosophies of the U.S. Constitution and the Bill of Rights.

A number of prominent campus and government officials will participate in an all-day seminar Thursday sponsored by the college in co-operation with the Virginia State Crime Clinic.

The group, which will include law enforcement officials and policemen from throughout the state, will be welcomed in Shafer Street Playhouse by Dr. Oliver, Richmond Mayor Morrell M. Crowe and Col. J. M. Wright, Richmond chief of police.

Subjects of the seminar will be the sociological influences of alcohol and narcotics on crime.

## Dean of Students Claims Two Misquotes in Paper

Dean of Students Russell A. Johnston claimed this week the Proscript had misquoted him on two occasions—February 5 and in last week's paper.

Dean Johnston said he was not responsible for the quotation in last week's Proscript that asserted the Board of Visitors might change its attitude on student drinking if the Student Government Association passed a motion in favor of a liberal drinking policy.

But two Proscript reporters, independently covering the SGA Senate meeting March 22, said they had the quotation attributed

to Dean Johnston in their notes.

It is believed Dean Johnston was implying that although the Senate would pass a pro-drinking measure, the Senate was making a false assumption in thinking the Board of Visitors would change its attitude about drinking.

Concerning the February 5 statement—selling meal books was a violation of the Honor Code—Dean Johnston said selling or buying meal books was a violation of a college regulation. It is an honor code offense if lying, stealing or cheating are involved in the transaction.

with thoughts of becoming a marine biology researcher.

But she said after that year she could not stand the sight of another test tube, and she transferred to the Advertising department here.

Vicky said she really enjoys advertising and wants to pursue a career in that field, especially because it is a challenge.

"The standard line . . . is that women aren't wanted in advertising. Employers ask, 'Why didn't you become a nurse . . . like other girls?'" she said. She plans a job writing radio advertising.

Vicky's kicks range from dabbling in paints to sunshine and water sports, from reading about things " . . . that I know nothing about" to her favorite, sports cars and racing.

Since both her father and her brother are in the car business, Vicky grew up knowing cars as

most girls know clothes, from outer lines to engine parts.

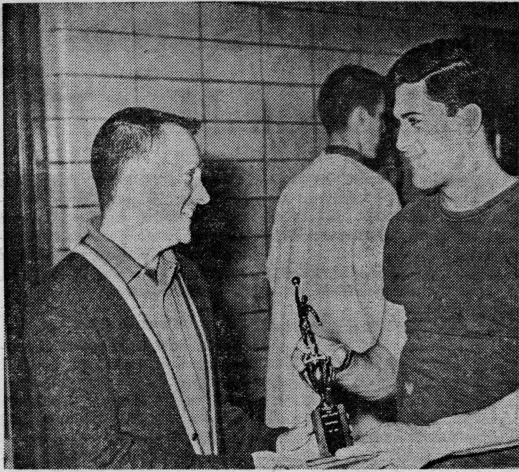

She has owned a Corvair, an MG, and a TR-4 (Triumph), and she spoke of someday having her own Porsche, a German-made model which, in her opinion, is the best sports car as far as mechanics are concerned.

Vicky's vote for the most beautiful car went to the XKE Jaguar.

An avid follower of sports car racing also, Vicky with bright-eyed fervor talked about becoming a licensed racing driver herself. She said the Sports Car club of America provides driver courses in Maryland, which she would like to take, and then issues licenses after testing drivers on ability.

Vicky will go home this summer to rev up the motor of her new sports car, but she will return with all her editorial abilities tucked in her car's trunk to put out a new Cobblestone next year.

## Varsity Club, Yankees Win Intramural Crowns

The Varsity club made it 13 in-a-row and the Yankees came from behind in the last three minutes to win the "A" and "B" championships respectively in the men's intramural playoffs.

The ninth-seeded Yankees, paced by the second-half shooting of Ashton Bishop and Frank Williams, pulled away from a 23-23 half time score to defeat tenth-seeded Johnson Hall Dormitory.

Bishop, who scored only two points in the first 20 minutes of play, connected for 10 points in the second half, and Williams tallied 28 points mostly on twisting, driving lay-ups.

### Varsity Takes Quick Lead

The Varsity club took a quick 1-0 lead over the Hasbeens and never lost the advantage. Excellent board play by Bill Schwartz, Monk Vaughan, and Bill Parker coupled with the outside-inside shooting of George Shaheen and Jackie Culather gave the top-seeded Lettemen a 37-21 lead at the half.

The Varsity Club never let up as they ran-up a 35-point lead late in the game. The Lettemen used a

man-to-man defense and a changing 1-3-1 offense to bottle-up the Hasbeens' chances for a come back bid, and went on to score a 83-61 victory.

In the semi-final "A" tournament, the Hasbeens squeaked by the Sots, 70-68, and the Varsity club, after leading by 13 points at the half, defeated the Traitors, 66-64.

The Hasbeens, last year's tournament champions, placed two men in double figures: Jerry Harding, 21 points and Tom Holloway, 15. Bob Butler connected on a 20 ft. jumper with 0:14 left in the game to give the Hasbeens a 67-66 lead which they never relinquished.

George Shaheen and Jack Culather led the attack with 21 and 17 points, respectively, as the Varsity club won its 12th game in a row.

The game was never in doubt as the Varsity held an eight-point lead with less than one minute in the contest.

Johnson Hall Dormitory upset the top-seeded Bangers, 45-35, in the "B" tournament semi-finals while the Yankees defeated Lafayette Dormitory, 44-36.

## Western Maryland Set To Play Rams Today

After almost a two week lay-off this year's baseball squad. Schwartz, a catcher, is playing his third year for the Rams. He hit .283 last season and .286 in 1963. Wheeler was the second leading hitter on the team last year with a potent .344 average. The husky Junior will be playing second base for the Rams.

Today's game will be the last for the Rams until the end of spring vacation. On April 14 RPI kicks off a three-game road trip with a match against Newport News Apprentice School.

"Milt Woody will probably start," Coach Ed Allen said, "but things could change before game time."

The stocky right hander was scheduled to pitch one of the New Bedford games last week. Woody, who relies on his fastball and his control, compiled a 3-5 record for the Rams last season.

Today's game with Western Maryland will be the first meeting between the two teams. RPI had scheduled the Marylanders last season but rain prevented the contest.

Bill Schwartz and Roland Wheeler have been chosen by the team to serve as co-captains of

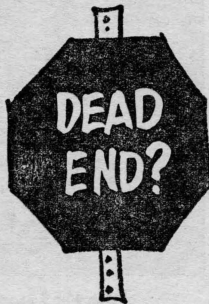

## Old Dominion, Rams Split in Golf

The Rams' opening golf match with Old Dominion College Wednesday at the Lakeside Country club ended in a 4½-4½ tie.

Danny Dixon, who made an eagle three on the par five, 14th hole, won medalist honors with a 74 on the par 71 course. He defeated the Monarchs number one golfer, Glynn Rogers.

Kim Lydston of Old Dominion defeated Tommy Rash; George Temple of RPI won over Bob Truitt; Tom Cotten of Old Dominion downed Robbie Showalter; Ken Grubbs of Old Dominion defeated Paul Rollison, and Ed Rothgeb of RPI and Terry Emerson split.

## IS EUROPE?

College life is such a busy one, what with learning the Maxime, attending public executions, and walking our cheetahs, that perforce we find ourselves sometimes neglecting our studies. Therefore this column, normally a vehicle for innocent tomfoolery, will occasionally forego levity to offer a quick survey course in one of the learned disciplines. Today, for an opener, we will discuss Modern European History.

Strictly defined, Modern European History covers the history of Europe from January 1, 1964, to the present. However, in order to provide employment for more teachers, the course has been moved back to the Age of Pericles, or the Renaissance, as it is better known as.

The single most important fact to remember about Modern European History is the emergence of Prussia. As we all know, Prussia was originally called Russia. The "P" was purchased from Persia in 1874 for \$24 and Manhattan Island. This later became known as Guy Fawkes Day.

Persia without a "P" was of course called Ersia. This so embarrassed the natives that they changed the name of the country to Iran. This led to a rash of name changing. Mesopotamia became Iraq, Schleswig-Holstein became Saxe-Coburg, Bosnia-Herzegovina became Cleveland. There was even talk about changing the name of stable old England, but it was forgotten when the little princes escaped from the Tower and invented James Watt. This later became known as the Missouri Compromise.

Only last week he invented the German short-haired pointer.

Meanwhile Johann Gutenberg was quietly inventing the printing press, for which we may all be grateful, believe you me. Why grateful? I'll tell you why: Because without Gutenberg's invention you would not have this newspaper to read and you might never learn that Personna Stainless Steel Razor Blades are now available in two varieties—the regular double-edge blade we have all come to know and love, and the new Personna Injector Blade. Users of injector razors have grown morose in recent years, even sullen, and who can blame them? How would you feel if you were denied the speed and comfort and durability and truth and beauty of Personna Stainless Steel shaving? Not very jolly, I'll wager! But injector shavers may now rejoice—indeed all shavers may—for whether you remove your whiskers regularly or injectively, there is a Personna blade for you—a Personna Stainless Steel Blade which will give you more luxury shaves than Beep-Beep or any other brand you might name. If by chance you don't agree, the makers of Personna will gladly buy you a pack of any brand you think is better.

Yes, friends, we may all be grateful to Johann Gutenberg for inventing the means to spread this great news about Personna. The next time you're in Frankfurt-am-Main, why don't you drop in and say thanks to Mr. Gutenberg? He is elderly—408 years last birthday—but still quite active in his laboratory. Only last week he invented the German short-haired pointer.

But I digress. Returning to Modern European History, let us now examine that ever-popular favorite, France.

France, as we all know, is divided into several Departments. There is the Police Department, the Fire Department, the Gas and Water Department, and the Bureau of Weights and Measures. There is also Madame Pompadour, but that is a dirty story and is taught only to graduate students.

Finally we take up Italy—the newest European nation. Italy did not become a unified state until 1848 when Garibaldi, Cavour, and Victor Emmanuel threw three coins in the Trevi Fountain. This lovely gesture so enchanted all of Europe that Metternich traded Parma to Talleyrand for Mad Ludwig of Bavaria. Then everybody waltzed till dawn and then, tired but happy, they started the Thirty Years War. This later became known as Pitt the Younger.

Space does not permit me to tell you any more about Modern European History. Aren't you glad?

© 1965, Max Schulman

And aren't you glad you tried Personna® Blades? You'll be even gladder when you try the perfect companion to Personna: new Burma Shave®. It soaks rings around any other lather!
