Subject: Your diagram

Hello Shen,

I have a diagram of the TCRN that Dr. Shawn Holt used for a grant proposal that I want to use in my thesis. I believe that he got this diagram from you. Can you look at it and tell me if I have permission to use it? Or if you have a better diagram, please send it to me. Or if this is not your diagram, can you tell me who it belongs to and how to obtain permission to use it? Thanks JMJ MARio
