Marian Wright Edelman

Commencement Speaker

Recipient, Honorary Doctor of Humane Letters Degree

Marian Wright Edelman, founder and president of the Washington-based Children's Defense Fund, has been an advocate for disadvantaged Americans her entire career. Under her leadership, the Children's Defense Fund has become one of the most active and effective organizations concerned with a wide range of children's issues and family support systems.

Mrs. Edelman began her campaign for children in the mid-1960s when, as the first black woman admitted to the Mississippi bar, she directed the Legal Defense and Education Fund of the National Association for the Advancement of Colored People.

In 1971, *Time* magazine named Mrs. Edelman as one of America's 200 young leaders. She was also the first black woman elected to the Yale University Corporation. She currently serves on the boards of the NAACP Legal Defense and Education Fund, the Aetna Life and Casualty Foundation, the March of Dimes, and chairs the Board of Trustees of her alma mater, Spelman College.

Mrs. Edelman's most recent book, *Families in Peril: An Agenda for Social Change*, was published by Harvard University Press in 1987. Robert Coles, a Harvard professor and expert on children, said, "*Families in Peril* offers a brilliant and incisive factual analysis, but also a powerful moral and political statement. The writing is strong and compelling — a personal eloquence worthy of the importance of the subject matter."

Describing Mrs. Edelman as "one of Washington's most unusual lobbyists," a 1987 *Time* article noted her "effectiveness depends as much on her adroit use of statistics as on moral suasion . . . . If many Washington lobbyists promote their cause with cash, Edelman's currency is facts, mountains of data that tell the story of what is happening to children."

Mrs. Edelman was born in Bennettsville, South Carolina, and received a bachelor of arts degree from Spelman College in 1960. In 1963, she received a law degree from Yale Law School and in 1985 she became a MacArthur Foundation Prize Fellow.
Arthur Ashe

Recipient, Honorary Doctor of Humane Letters Degree

Arthur Ashe’s accomplishments, on and off the tennis courts, have rewarded him with international fame and respect. He was the men’s singles champion at the U.S. Open in 1968 and the men’s singles champion at Wimbledon in 1975, earning him the world’s number one ranking in tennis for those years.

In addition to the U.S. Open and Wimbledon victories, Mr. Ashe won the NCAA singles and doubles championships in 1965, was named All-American in 1963-65, was a member of the United States Davis Cup team for eleven years and won a variety of additional professional tournaments.

In 1979, Mr. Ashe suffered a heart attack and had quadruple bypass surgery. The next year, he announced his retirement from competitive tennis. However, recovery from the surgery left him in good health to pursue new challenges, especially combating racism in sports. His book, *A Hard Road to Glory*, which chronicles the history of African-American athletes, was adapted for television and earned Mr. Ashe an Emmy Award for writing. He has also written a tennis diary, *Portrait in Motion*, and his autobiography, *Off the Court*.

After ending his playing career, Mr. Ashe was chosen captain of the U.S. Davis Cup team. His team’s back-to-back triumphs in 1981-82 distinguished him as one of two captains in 30 years to lead U.S. teams to consecutive victories. In 1985, Mr. Ashe was inducted into the International Tennis Hall of Fame.

Mr. Ashe is also co-chair of the U.S. Tennis Association’s committee on player development and serves as national spokesman for Volvo North America Corporation, which will publicize college tennis. In addition, he works as commentator for ABC Sports and HBO Tennis.

Recently, Mr. Ashe has been vocal in the debate over Proposition 42, which sets minimum academic standards for athletic scholarships. He believes that Proposition 42 would motivate high school coaches and their best players to take education seriously, perhaps setting a tone in the schools that would inspire non-athletes to study harder.

A native of Richmond, Virginia, Mr. Ashe received his bachelor of science degree in business administration from the University of California at Los Angeles.
Judith Godwin

Recipient, Honorary Doctor of Fine Arts Degree

Even before graduating from college in 1953, Judith Godwin had captured the "Most Popular in Show" award from an exhibition at the Norfolk Museum of Arts and Sciences, Irene Leache Memorial (now the Chrysler Museum). This proved to be prophetic since Ms. Godwin has continued to distinguish herself in the art world, particularly in the most challenging arena, New York City.

The Suffolk native, who began her formal study of painting at Mary Baldwin College in 1948, held her first one-woman show in 1950. After receiving a bachelor of fine arts degree in painting and printmaking from Richmond Professional Institute, a forerunner of Virginia Commonwealth University, in 1953, Ms. Godwin went to New York to attend the Art Students League. She also studied with Hans Hofmann, the leading art teacher of the time, in Provincetown, Massachusetts.

In spite of evolving artistic trends, Ms. Godwin "has grasped and remained true to the techniques of Abstract Expressionism at its best," according to Arts Magazine.

Ms. Godwin's paintings are in the collections of several prestigious museums including the Yale University Art Gallery, the Virginia Museum of Fine Arts, the San Francisco Museum, and the Metropolitan Museum of Art. Recently, she exhibited at the Marisa Del Re and Ingber galleries in New York City.

Ms. Godwin is a member of the VCU Alumni Association and the Board of Trustees of Mary Baldwin College; she is co-chair of the Suffolk Historic Landmarks Commission and is listed in Who's Who of American Women.

Judith Godwin best describes the art of painting in her own words. "...[It] is for me, as a woman, an act of freedom, and a realization that images generated by the female experience can be a powerful and creative expression for all humanity. My paintings are personal statements — extensions of myself. I take a truth, an intimate emotion, a question, an answer and paint it."
H. St. George Tucker, Jr.

Presidential Medallion Recipient

Dr. Tucker has made outstanding contributions to medicine throughout his career, especially in the area of endocrinology. In addition, he is recognized by medical students as a consummate teacher whose lectures are clear, concise, and appropriate.

In 1940, Dr. Tucker became an assistant resident in medicine at the Medical College of Virginia, now the Health Sciences Division of Virginia Commonwealth University, and was a resident in medicine in 1941 and 1942. From 1942 to 1946, he was on active duty in the United States Army Medical Corps serving in North Africa and Italy.

After returning to MCV, Dr. Tucker became the chief of the Division of Endocrinology, remaining in that position until 1976. From 1964 to 1976, he was the director of the endocrinology and diabetes clinics at MCV. He has also been a consultant at the McGuire Veterans Administration Hospital and has published numerous articles on endocrinology. Dr. Tucker was instrumental in founding the Virginia affiliate of the American Diabetes Association and in 1984 was named American Diabetes Association Teacher of the Year in the Field of Diabetes.

Dr. Tucker was given the Virginia Commonwealth University Distinguished Service Award in 1984 and was honored as a distinguished medical faculty member by the MCV Alumni Association the following year. Other honors include membership in the Raven Society, Phi Beta Kappa, and the American Clinical and Climatological Association.

Born in Tokyo, Dr. Tucker received his bachelor of arts and medical degrees from the University of Virginia. He was an intern and resident at the Cincinnati General Hospital and then became a fellow in diabetes at the New England Deaconess Hospital in Boston.

In appreciation of Dr. Tucker's contributions, Virginia Commonwealth University presents him the Presidential Medallion.
The University Medallion

In 1986, Virginia Commonwealth University commissioned R. Daniel Booton to strike a University Medallion to be worn by the president on ceremonial occasions. The University Medallion is an original, hand-carved design in 24-karat gold-leafed bronze created as a perpetual symbol of Virginia Commonwealth University.

The Medallion uses Egyptian hieroglyphs and mythological and real images which represent the university’s contributions in teaching, research and service.

The Egyptian Building on the Medical College of Virginia Campus was selected as the centerpiece because of its significance as a historical and architectural landmark. The oldest medical building in the South, it is considered to be the best example of Egyptian Revival architecture in the United States.

The building is flanked on the left by Isis, goddess of medicine, the arts, the home and the community. On the right is Toth, shown in his guise as the Ibis scribe of the gods. He is the master of writing and god of wisdom, numbers, measures and time.

Above the building is the glyph for "A to Z" which represents knowledge and the role of the university. Isis offers the Ankh, the symbol of life, while Toth, holding the scroll of wisdom, blesses Virginia Commonwealth University.

The central grouping is surrounded by Nut, goddess of the sky and Geb, god of the earth. The recumbent god forms mountains and valleys with its contorted body and thereby represents the earth sciences. Nut arches over the earth and symbolizes the cosmos and the physical sciences. The Eye of Ra, the sun, travels across her back and is shown at its zenith, representing Virginia Commonwealth University’s rise to greatness.

OMICRON DELTA KAPPA

Omicron Delta Kappa, the National Leadership Honor Society, has recognized collegiate achievement in academic as well as campus and community involvement for 75 years. ODK circles are chartered on over 200 college and university campuses. The Virginia Commonwealth University circle was chartered in March of 1986, succeeding the Laurel Honor Society founded in 1970. ODK honors juniors, seniors, graduate students and faculty from both campuses for demonstrated leadership both in and out of the classroom.

**PHI KAPPA PHI**

Phi Kappa Phi is a national honor society, founded in 1897. The VCU chapter was established in 1977. It is the only university-wide society at VCU. The primary objective of Phi Kappa Phi is the recognition and encouragement of superior scholarship in all disciplines. Membership is by invitation only. Invitations are extended to graduating seniors, advanced degree recipients, faculty members, and Phi Kappa Phi scholarship nominees who have demonstrated academic excellence.

ACADEMIC COSTUME

Academic costume worn today at American college exercises goes back in its essential features to the Middle Ages. The oldest universities of northern Europe, such as Paris and Oxford, grew out of church schools, and both faculty and students were regarded in the Middle Ages as a part of the clergy. They wore clerical costumes, largely borrowed from the monastic dress of that day not just on special occasions, but as their regular costume.

The head covering of the academic costume developed from the skull cap worn by the clergy in cold weather to protect their tonsured heads. In the universities, this skull cap acquired a point on top, which gradually evolved into a tassel. The bonnet with tassel is still worn by degree holders of European universities. In America, it has been replaced by the familiar mortar board, which still retains the mediaeval tassel.

The hood (the mediaeval caputium) was originally a covering worn over the head in bad weather, otherwise dropped on the shoulders as the monk's cowl. At first it was worn by faculty and students alike, but in the early sixteenth century it was restricted to graduates, thus it became the mark of a degree holder. Today, each college has its distinctive hood lining by which its graduates may be recognized in academic processions.

The gown worn today is the mediaeval roba and seems to have been borrowed from the habit of the Benedictine monks. In the Middle Ages, undergraduates, bachelors, and masters could be distinguished by the simplicity or elaborateness of their gowns. The doctor's gown was often furred — this survives today in the ornamentation found on the doctoral gowns. Usually the gown is black, but some colleges have colored gowns.

The wide velvet borders extending down the front of the doctoral gown, the velvet bars on the sleeves, and the borders of most hoods are colored according to the scholarly field of the wearer. Some of these are:

Virginia Commonwealth University is a comprehensive, state-assisted university with over 20,000 students pursuing undergraduate, graduate, and professional studies on two campuses. VCU was created July 1, 1968 by an act of the Virginia General Assembly that merged Richmond Professional Institute with the Medical College of Virginia. Today, the two campuses blend the old and the new, with historic homes adapted into offices and classrooms amidst modern new high-rise buildings.

Approximately 175 fields of study are offered on the two campuses of the University. The Academic Campus, located in Richmond’s historic fan district, houses the College of Humanities and Sciences, and the Schools of the Arts, Business, Community and Public Affairs, Education, Mass Communication, and Social Work. The Medical College of Virginia Campus, one and one-half miles east of the Academic Campus in Richmond’s downtown business district, houses the Schools of Allied Health Professions, Basic Health Sciences, Dentistry, Medicine, Nursing, Pharmacy, and Graduate Studies.

Virginia Commonwealth University maintains a strong position as an integral force in the area’s cultural, educational, and economic life. This ranges from offering more than 200 concerts a year in the Performing Arts Center, including concerts by the highly acclaimed VCU Jazz Orchestra, to developing a series of revitalization plans for targeted areas of the City of Richmond.

Ranked among the top universities in terms of funded research, VCU received over $53 million dollars during the 1987–88 fiscal year to fund research projects on both campuses. The University is the site of the nation’s fourth largest university-affiliated teaching hospital and offers quality health care services to more than 30,000 patients annually.

High quality academic instruction is provided by a 2,300 member faculty, 69% of whom hold terminal degrees, distinguished in both teaching and research. University Library Services supports the instructional programs with James Branch Cabell Library on the Academic Campus and the Tompkins-McCaw Library on the Medical College of Virginia Campus. Library holdings exceed 775,000 books and 10,000 journal subscriptions, and are supplemented by special collections in the arts, sciences, humanities, and biomedical areas.

More than 71,000 students have taken advantage of VCU’s programs of excellence, its prime location, its flexible class schedule, and the relationships formed with fellow students. The success of our graduates and the academic excellence of our faculty enhance VCU’s position as one of the most important institutions of higher education in the United States.

Virginia Commonwealth University is an Equal Opportunity/Affirmative Action Institution.
