Presidential Medallion

2006 Recipient
Paul W. Timmreck

The Presidential Medallion was established in 1984 by the Virginia Commonwealth University Board of Visitors to honor the outstanding contributions of members of the university community. Awarded by the President at Commencement, the award recognizes these individuals for extraordinary achievement in learning and commitment to the mission of VCU.
Paul W. Timmreck has served the Commonwealth of Virginia in a variety of capacities for more than 30 years. In his current position as senior vice president for finance and administration at Virginia Commonwealth University, which he began in 1996, he oversees VCU's financial, human resources, physical infrastructure, police, administrative computing and communications services.

Mr. Timmreck also serves as a special adviser to the chief executive officer of VCU Health System. Additionally, from 2002 – 03, he served as the guest director of the Virginia Executive Institute, a program developed by the VCU Center for Public Policy, in collaboration with the Virginia Executive Institute Alumni Association, to strengthen the leadership skills of senior state executives.

Prior to joining VCU, he served as secretary of finance for Virginia governors George F. Allen, a Republican, and L. Douglas Wilder, a Democrat. During his service as secretary of finance, Financial World magazine on two occasions named Virginia as one of the two best managed states in the nation. His tenure also was marked by service as director of the Department of Planning and Budget to governors Gerald Baliles and Charles Robb.

Mr. Timmreck came to Virginia in 1975 to take a staff position with the Joint Legislative Audit and Review Commission, where he worked for almost five years. He has received numerous awards, including the prestigious Toll Fellowship of the Council of State Governments and the T. Edward Temple Award for Distinguished Service. He began his career in public service with a two-year stint as a Peace Corps volunteer in Maracay, Venezuela.

Mr. Timmreck has been a member of the board of trustees of the Virginia Retirement System since March 2001, when he was appointed by the Virginia General Assembly to represent state members. He was reappointed to the board by the General Assembly for a second term in March 2006. Gov. Mark Warner appointed him chair of the board in spring 2005 for a one-year term, and Gov. Timothy Kaine recently appointed him chair for a two-year term. The VRS is the 25th largest public or private pension fund in the U.S. and the 48th largest internationally with assets of over $49 billion.

Mr. Timmreck received his undergraduate and Master of Public Administration degrees from the University of Michigan in 1967 and 1968, respectively. He and his wife, Jennifer, have been married for 34 years and have two adult children.
Mr. Petrie will receive the Presidential Medallion at the VCU School of the Arts in Qatar commencement ceremonies on May 27, 2006, in Doha.

Paul E. Petrie retired from Virginia Commonwealth University after 21 years of service to the university. His role as founding director of VCU School of the Arts in Qatar, from 1998–2001, was critical to the successful establishment of the Qatar operations during a time when other American universities were hesitant to undertake the challenges of opening a campus in the Arabian Gulf region. VCUQ led the way for other universities and is now joined by Cornell, Texas A&M, Carnegie Mellon and Georgetown.

As founding director of VCUQ, Mr. Petrie hired the first faculty and staff members, developed the first VCUQ Bulletin, designed, equipped and supervised construction of the new VCUQ facility, and recruited its first four classes of students. In 2003, he returned to VCUQ as the first area head of the Interior Design Program.

Mr. Petrie came to VCU in 1984 as professor and chair of the Department of Interior Design. His 11-year role as chair culminated in the department's ranking among the top five programs in the nation. In 1995, he was appointed acting associate dean of the School of the Arts. From 1996 to 2001, he was associate dean of the School of the Arts. In recognition of his contributions to the school, he was awarded the VCU School of the Arts Award of Excellence in 2003.

Mr. Petrie is a fellow and past president of the Interior Design Educators Council, of which he has been a member since 1975. He has served on the board of trustees of the Foundation for Interior Design Education Research, the specialized accrediting agency for postsecondary programs in interior design. He also has served as a fellow to the International Interior Design Association.

Mr. Petrie received his B.I.D. from the University of Manitoba, Canada, in 1967, and his M.F.A. from Syracuse University in 1976.

The academic costume worn at American college exercises derives from the Middle Ages. The oldest universities of northern Europe, such as Paris and Oxford, grew out of church schools, and both faculty and students were regarded in the Middle Ages as a part of the clergy. They wore clerical habits, largely borrowed from the monastic dress of that day, not just on special occasions but as their regular attire.

The head covering of the academic costume developed from the skull cap worn by the clergy in cold weather to protect the tonsured head. In the universities, the skull cap acquired a point on top, which evolved into a tassel. The bonnet with tassel is still worn by degree holders of European universities. In America, it has been replaced by the familiar mortar board, which still retains the medieval tassel.

The hood (the medieval caputium) was originally a covering worn over the head in bad weather, otherwise dropped on the shoulders as the monk's cowl. At first it was worn by faculty and students alike, but in the early 16th century it was restricted to graduates, thus becoming the mark of a degree holder. Today, each college has its distinctive hood lining by which its graduates may be recognized in academic processions. Graduates from Virginia Commonwealth University may wear a hood showing a black chevron on gold background.

The gown comes from the medieval robe and seems to have been borrowed from the habit of the Benedictine monks. In the Middle Ages, undergraduates, bachelors and masters could be distinguished by the simplicity or intricacy of their gowns. The doctor's gown was often furred, which survives today in the ornamentation found on the doctoral gown. Usually the gown is black, but some colleges have gowns of different colors.

The wide velvet borders extending down the front of the doctoral gown, the velvet bars on the sleeves, and the borders of most hoods are colored according to the scholarly field of the wearer.

Serving as a perpetual symbol of Virginia Commonwealth University, the University Medallion is worn by the president at ceremonial occasions. The Egyptian Building, a historical and architectural landmark on the MCV Campus and the oldest medical education building in the South, is the centerpiece of the medallion. Egyptian hieroglyphics and images surrounding the building stand for medicine, the arts, the home, the community, writing and wisdom, measures and numbers, time, knowledge, and the sciences. These images represent VCU’s mission of teaching, research, public service and patient care.

Virginia Commonwealth University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award baccalaureate, master's, doctoral and first professional degrees.
Because of rigid time requirements, this program must be printed before the final list of degree candidates and final graduation honor status for undergraduate students can be determined. The exclusion of the name of a student is not to be taken as indication of official status as a nongraduate, nor is the inclusion of a name of a student to be taken as certification of official status as a graduate. Only undergraduate students are eligible for honors designations. These designations do not apply to the degrees received by graduate students.

Virginia Commonwealth University is committed to excellence in teaching, research, public service and patient care. To realize and recognize academic excellence is VCU's highest priority, the Honors College was established to help fulfill this objective by meeting the needs of academically talented undergraduate students.
VCU bestows the accolade of “graduation with University Honors” on graduating seniors who have attained distinction through impressive achievement in course work as well as other formal and informal educational experiences. To merit this distinction, students must complete a rigorous honors curriculum, excel in their academic work and submit an academic dossier that reflects their commitment to learning in the best university tradition. Their petition to graduate with University Honors must be approved by the Honors College Council. The medallions worn by these students at Commencement recognize this achievement; this distinction also is noted on the students’ official transcripts and on their diplomas.

Phi Kappa Phi is a national honor society founded in 1897. The Virginia Commonwealth University chapter was established in 1976. The primary objectives of the society are to promote the pursuit of excellence in all fields of higher education and to recognize outstanding achievement by students, faculty and others through election to membership and various awards for distinguished achievement.

Phi Kappa Phi typifies the honor society's ideal characteristic of American higher education, for it exists for the dual purpose of recognizing and honoring those students who attain high scholastic achievement and encouraging those students who are capable of doing so.

Phi Kappa Phi is unique because it recognizes scholarship in all academic disciplines and does not restrict membership to a specific field. Its interest and eligibility are extended across all subjects offered at the modern university and, by so doing, the society highlights the importance of appreciating and understanding more than a single limited specialty.

The chapter also awards undergraduate and graduate scholarships to VCU students. This year the chapter will give more than $50,000 to 27 students.

Virginia Commonwealth University

Virginia Commonwealth University is supported by Virginia to serve the Richmond area, the state and the nation through teaching, research, service and patient care.

VCU offers comprehensive undergraduate, graduate, professional and doctoral programs and encompasses one of the largest academic health centers in the nation. With more than $200 million a year in sponsored research funding, VCU is designated as a research university with high research activity by the Carnegie Foundation. Seventeen centers and institutes of excellence — involving faculty from multiple disciplines in public policy, biotechnology and health care discoveries — support the university's research mission.

More than 29,000 students pursue 187 degree and certificate programs through the University's 15 schools and one college. VCU has a full-time faculty of more than 1,700 who are nationally and internationally recognized for excellence in the arts, business, education, engineering, the humanities, the life sciences, social work and all the health care professions. With an annual budget of more than $1.5 billion and with more than 15,000 employees, VCU and the VCU Health System also have a significant impact on employment and spending in the Richmond region.

VCU has been engaged in a long-range strategic planning effort that has resulted in such initiatives as a visionary master-site building plan, the Virginia BioTechnology Research Park, the School of Engineering, the Carver-VCU Partnership for neighborhood development and VCU Life Sciences, a comprehensive undergraduate and graduate program incorporating all aspects of the university's academic and clinical missions in teaching, research and public education.

VCU students and faculty also can be found in locations around the state and around the world. VCU is the only state institution offering an accredited Master of Social Work program in Northern Virginia. The School of Medicine has collaborated with the Inova Health System in Northern Virginia as well to establish the VCU School of Medicine-Inova Campus for third- and fourth-year medical students. And, the university is in its fifth year of offering bachelor's degrees in graphic, fashion and interior design at the School of the Arts in Qatar. In 1998, the university and the Qatar Foundation for Education, Science and Community Development entered into an agreement to establish the school at the request of the Qatar government.

VCU's long-range planning also has sought to protect the future of the clinical health care mission, including providing top quality patient care, indigent-care services and support for the teaching and research mission. The result is VCU Health System, which was established on July 1, 2000, and brings together MCV Hospitals, MCV Physicians, Virginia Premier Health Plan and University Health Services.

VCU and VCU Health System have been honored with more than a decade of national recognition for its top quality graduate, professional and medical-care programs by U.S. News & World Report; local, regional and national guides to the best hospitals and best doctors; and professional societies and journals. The university also has been recognized for leadership in community and economic development in the 2002 report, "Leveraging Colleges and Universities for Urban Economic Revitalization: An Action Agenda," by CEOs for Cities and the Initiative for a Competitive Inner City. The report featured VCU, along with Columbia University, as a case study.
Congratulations to all!
