VCU
VIRGINIA COMMONWEALTH UNIVERSITY
May 11, 2013

Dear Class of 2013,

Virginia Commonwealth University is unlike any place, and as the newest graduates of VCU, you are unlike anyone. You are graduating as leaders in your fields and in your communities, as innovators, as job creators and not just job takers.

In the 17.5 years since its founding, VCU has grown from being the medical department of another college to what is today a top 50 national research university with an unwavering commitment to student success, research excellence, human health and community engagement. You are graduating from one of America’s great public research universities. As such, your educational experience has been about more than completing your courses and earning a grade. It has been about considering and supporting others while you learn, about creating opportunities for yourself and those around you, about using your knowledge to solve real problems and make a real difference in the world. At VCU, “Make it real” is a mantra, not a motto.

As you graduate from VCU today, always remember that your opportunities are boundless because your education is limitless.

On behalf of the faculty, staff, students and alumni of VCU, I congratulate you on the remarkable achievement of your commencement. We are proud of you and look forward to your staying connected to your alma mater forever.

Best wishes,

Michael Rao, Ph.D.

* The audience may remain seated during the academic procession but will stand for the national anthem.

** Graduates will remain in place until the president's party exits the arena.
The Honorary Doctor of Humane Letters is Virginia Commonwealth University's highest form of recognition. Presented by the president at Commencement, it recognizes those individuals who have made outstanding contributions to society through scholarship, public service, humanitarianism, science and art.

2013 Recipient
Teresa H. Carlson
Teresa H. Carlson earned a master's degree from Western Kentucky University and spent nearly 15 years in the health care field before moving into the information technology industry, where she has helped drive innovation for more than 20 years.

As vice president of the Worldwide Public Sector for Amazon Web Services, Ms. Carlson is charged with driving revenue and partnership strategy across the public sector in all geographies and is responsible for strategy, operations, sales and development for Amazon's Web Services and Cloud Computing business.

Before joining Amazon, Ms. Carlson worked as vice president of U.S. federal government business at Microsoft Corp., where she defined strategy and oversaw the execution of sales, contracting, pre-sales technical support, product marketing, customer satisfaction and performance of the U.S. federal government business worldwide sector, which represented $1.7 billion in revenue for the company. Prior to working at Microsoft, Ms. Carlson was the worldwide vice president of marketing and business development for Lexign Inc. (formerly Keyfile Corp.).

In recognition of her leadership, Ms. Carlson was named to Washingtonian magazine's “100 Most Powerful Women” and was honored as a “2011 Tech Titan” in the magazine for contributing prominently to the growth of the Washington, D.C., technology market.

Ms. Carlson also was named one of the top 12 executives in Fast Company’s list of “Most Influential Women in Technology” in 2010. That same year, she was presented with the “Outstanding Achievement in Industry” Government Initiatives Excellence Award from the Armed Forces Communications and Electronics Association and the March of Dimes “Heroines in Technology” Lifetime Achievement award. Ms. Carlson also was a Federal Computer Week “Fed 100” award winner in 2013 and 2009 for her efforts in support of the U.S. federal government.

Ms. Carlson’s commitment and passion for delivering transformative bottom-line business and mission goals for her customers has led her to numerous philanthropic and leadership roles, as well, including her service on the VCU Board of Visitors and the boards of the American Red Cross (as chair), Red Cross Tiffany’s Circle National Philanthropic Committee, USO, TechAmerica (as Public Sector committee vice-chair), Wolf Trap Foundation for the Performing Arts and The Women's Center.
The Edward A. Wayne Medal was established in 1971 to honor individuals who have made outstanding contributions or provided exemplary services to Virginia Commonwealth University. Presented by the president at Commencement, the medal is named in honor of Edward A. Wayne, who was chair of the commission that led to the establishment of Virginia Commonwealth University in 1968 by the Virginia General Assembly. Mr. Wayne served as the university's first vice rector.
FitzGerald Bemiss represented the city of Richmond in the House of Delegates and Virginia Senate for 12 years, beginning in 1955. A strong advocate for conservation issues in Virginia and beyond, Mr. Bemiss also served as chair of the board at Woodberry Forrest School, as president of the Virginia Historical Society and was appointed vice chair of the U.S. Naval Academy by former President George H.W. Bush.

Margaret Bemiss graduated from the VCU School of Arts and Sciences in 1978 and served on the VCU Board of Visitors during the presidency of Edmund F. Ackell, M.D., D.M.D. She serves on the Garden Club of Virginia’s Restoration and Fellowship committees, and researched and authored “Historic Gardens of Virginia,” a book describing the restoration of historic gardens by the club from 1975 to 2007. She also serves on the Steering Committee of the VCU Parkinson’s and Movement Disorders Center.

Until Mr. Bemiss’ death two years ago, he suffered from Parkinson’s disease, and in 2008, he and Mrs. Bemiss made a gift of $1 million to endow a chair to recruit a director for what would become the VCU Parkinson’s and Movement Disorders Center. That initial gift, in addition to their vision and tireless work with other volunteers to bring the private gift total to $5 million — which the dean of the School of Medicine matched to create a total of $10 million for the project — helped the center become a reality.
The Edward A. Wayne Medal was established in 1971 to honor individuals who have made outstanding contributions or provided exemplary services to Virginia Commonwealth University. Presented by the president at Commencement, the medal is named in honor of Edward A. Wayne, who was chair of the commission that led to the establishment of Virginia Commonwealth University in 1968 by the Virginia General Assembly. Mr. Wayne served as the university's first vice rector.
Richmond, Va., native, Stuart C. Siegel attended Thomas Jefferson High School and graduated from East Carolina University in Greenville, N.C., with a Bachelor of Science degree. Until 2009, he served as chairman of S&K Famous Brands Inc., a value-priced retailer of brand-name menswear, which he founded along with his father in 1969.

In 2011, Mr. Siegel received the Richmond Jewish Foundation's Anne and Sidney Meyers Award, which recognizes outstanding contributions in the field of Jewish endowments. The Retail Merchants Association of Greater Richmond named Mr. Siegel Distinguished Retailer of the Year in 1991, and he received the Outstanding Alumni Award from ECU the following year. He has also earned the Alumni of the Year Award from Leadership Metro Richmond, the Hall of Fame Award from The Salvation Army Boys and Girls Club, the Flame Bearers of Education Award from the College Fund/UNCF and recognition for his work with Prevent Blindness Mid-Atlantic.

In addition to serving as a former board member for the National Retail Federation, Menswear Retailers of America and the National Conference of Christians and Jews, Mr. Siegel serves or has served on the boards of numerous local organizations, including The Community Foundation, Richmond Forum, Virginia Racing Commission, University of Richmond, The Richmond Society for the Prevention of Cruelty to Animals, The Jewish Community Federation of Richmond and the Virginia Holocaust Museum. He is a founding board member of The Cultural Arts Center at Glen Allen and the Tredegar Trust Co.

Mr. Siegel currently serves on the VCU Board of Visitors, of which he is a former rector, and the VCU Health System board. As a longtime supporter of VCU Athletics, Mr. Siegel also was instrumental in the development of the university's Stuart C. Siegel Center.

Mr. Siegel lives in Richmond, Va., with his wife, Dawn.

Academic Costume

The academic costume worn at American college exercises derives from the Middle Ages. The oldest universities of northern Europe, such as Paris and Oxford, grew out of church schools, and both faculty and students were regarded in the Middle Ages as a part of the clergy. They wore clerical habits, largely borrowed from the monastic dress of that day, not just on special occasions but as their regular attire.

The head covering of the academic costume developed from the skull cap worn by the clergy in cold weather to protect the tonsured head. In the universities, the skull cap acquired a point on top, which evolved into a tassel. The bonnet with tassel is still worn by degree holders of European universities. In America, it has been replaced by the familiar mortar board, which still retains the medieval tassel.

The hood (the medieval caputium) was originally a covering worn over the head in bad weather, otherwise dropped on the shoulders as the monk's cowl. At first it was worn by faculty and students alike, but in the early 16th century it was restricted to graduates, thus becoming the mark of a degree holder. Today, each college has its distinctive hood lining by which its graduates may be recognized in academic processions. Graduates from Virginia Commonwealth University may wear a hood showing a black chevron on gold background.

The gown comes from the medieval robe and seems to have been borrowed from the habit of the Benedictine monks. In the Middle Ages, undergraduates, bachelors and masters could be distinguished by the simplicity or intricacy of their gowns. The doctor's gown was often furred, which survives today in the ornamentation found on the doctoral gown. Usually the gown is black, but some colleges have gowns of different colors.

The wide velvet borders extending down the front of the doctoral gown, the velvet bars on the sleeves, and the borders of most hoods are colored according to the scholarly field of the wearer.

Serving as a perpetual symbol of Virginia Commonwealth University, the University Medallion is worn by the president at ceremonial occasions. The Egyptian Building, a historical and architectural landmark on the MCV Campus and the oldest medical education building in the south, is the centerpiece of the medallion. Egyptian hieroglyphics and images surrounding the building stand for medicine, the arts, the home, the community, writing and wisdom, measures and numbers, time, knowledge, and the sciences. These images represent VCU's mission of teaching, research, public service and patient care.

Virginia Commonwealth University is an equal opportunity, affirmative action university providing access to education and employment without regard to age, race, color, national origin, gender, religion, sexual orientation, veteran status, political affiliation or disability. Virginia Commonwealth University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award baccalaureate, master's, doctoral and first professional degrees.
Because of rigid time requirements, this program must be printed before the final list of degree candidates and final graduation honor status for undergraduate students can be determined. The exclusion of the name of a student is not to be taken as indication of official status as a nongraduate, nor is the inclusion of a name of a student to be taken as certification of official status as a graduate. Only undergraduate students are eligible for honors designations. These designations do not apply to the degrees received by graduate students.

University Honors and Awards

Virginia Commonwealth University is committed to excellence in teaching, research, public service and patient care. To realize and recognize academic excellence is VCU's highest priority. The Honors College was established to help fulfill this objective by meeting the needs of academically talented undergraduate students.
VCU bestows the accolade of "graduation with University Honors" on graduating seniors who have attained distinction through impressive achievement in coursework as well as other formal and informal educational experiences. To merit this distinction, students must complete a rigorous honors curriculum, excel in their academic work and submit an academic dossier that reflects their commitment to learning in the best university tradition. Their petition to graduate with University Honors must be approved by the Honors College Council. The medallions worn by these students at Commencement recognize this achievement; this distinction also is noted on the students' official transcripts and on their diplomas.

Phi Kappa Phi is a national honor society founded in 1897. The Virginia Commonwealth University chapter was established in 1976. The primary objectives of the society are to promote the pursuit of excellence in all fields of higher education and to recognize outstanding achievement by students, faculty and others through election to membership and various awards for distinguished achievement.

Phi Kappa Phi typifies the honor society's ideal characteristic of American higher education, for it exists for the dual purpose of recognizing and honoring those students who attain high scholastic achievement and encouraging those students who are capable of doing so.

Phi Kappa Phi is unique because it recognizes scholarship in all academic disciplines and does not restrict membership to a specific field. Its interest and eligibility are extended across all subjects offered at the modern university and, by so doing, the society highlights the importance of appreciating and understanding more than a single limited specialty.

As one of only 28 public universities with academic medical centers to be designated by the Carnegie Foundation as "Community Engaged" with "Very High Research Activity," Virginia Commonwealth University has cemented its reputation as one of the nation's top 50 public research universities.

Under the leadership of President Michael Rao, Ph.D., VCU boasts more than $260 million in funded research, as well as 32 graduate programs ranked nationally by U.S. News & World Report. And, through the guidance of its strategic plan, Quest for Distinction, VCU remains poised to further its status as a premier, urban public institution able to meet the demands of diverse populations through impactful research, rigorous study and extensive community engagement.

This mission traces its roots to two institutions: the Medical College of Virginia, established in 1838 as the medical department of Hampden-Sydney College, and the Richmond School of Social Economy, founded independently in 1917 and operated as the Richmond division of The College of William & Mary beginning in 1925.

MCV, after gaining independence in 1854, became state-affiliated in 1860, while in 1939, The College of William & Mary changed the name of its Richmond division to Richmond Professional Institute, which then went on to become an independent state institution in 1962.

Spurred by recommendations set forth in a 1967 legislative report commissioned by Edward A. Wayne Sr., president of the Richmond Federal Reserve Bank, city and state leaders began to envision a comprehensive and diverse urban university born from the infrastructure and resources of MCV and RPI. In 1968, Gov. Mills E. Goodwin Jr. signed that bold vision into existence as VCU.

Today, VCU serves an integral role in the economic and cultural vitality of the city and the state, educating the current and future workforce, reaching out to the community, advancing research and enhancing patient care.

The university enrolls more than 31,000 students in 223 degree and certificate programs in the arts, sciences and humanities. Sixty-eight of the programs are unique in Virginia, many of them crossing the disciplines of VCU’s 13 schools and one college. VCU has a full-time instructional faculty of more than 2,000 who are nationally and internationally recognized for excellence in the arts, business, education, engineering, the humanities, the life sciences, social work and all the health care professions.

VCU students and faculty live and work in locations around the state and around the world, including at the VCU School of the Arts in Qatar, which has been awarding fine arts degrees since 2002. The School of Medicine and the School of Pharmacy collaborated with the Inova Health System in Northern Virginia to establish the VCU-Inova Campus for third- and fourth-year medical and pharmacy students, and the School of Pharmacy opened a second satellite location for Doctor of Pharmacy students at the University of Virginia Medical Center in Charlottesville.

As one of the pre-eminent, comprehensive academic medical centers in the nation — and the No. 1 hospital in the state as ranked in 2012 by U.S. News & World Report — the VCU Medical Center offers state-of-the-art care in more than 200 specialty areas, many of national and international note, including organ transplantation, head and spinal cord trauma, burn healing and cancer treatment.

VCU and the VCU Health System have been honored with prestigious national and international recognition for top-quality graduate, professional and medical-care programs, reflecting a commitment to be among America’s top research universities focused on student learning.
Congratulations to all!
