CARCINOMA
see Neoplasms under specific subject

CERVIX NEOPLASMS
diagnosis and management of cervical intraepithelial neoplasia (abstract), 45
radical hysterectomy for carcinoma of the cervix, 41

CHEST TRAUMA
see Trauma

CONTAMINATION, RADIOCHEMICAL
radiopharmaceutical production and quality control, 57

DIABETES
modern management of diabetic pregnancies, 5

DRUG THERAPY
asthma in adults, 170
practical office therapy of hypertension, 159

ENDOMETRIAL NEOPLASMS
control of endometrial cancer (abstract), 45

ENDOCRINOPATHY
endocrinologic evaluation of amenorrhea, 8

ESTRIOL, URINE
modern management of diabetic pregnancies, 5

FEAR
patient factors limiting success of cancer detection, 37

GENITOURINARY TRAUMA
see Trauma

GOITER
see Thyroid Disease

HORMONE THERAPY
amenorrhea due to defects in steroid biosynthesis, 15
diagnosis and treatment of carcinoma of the thyroid, 84
endocrinologic evaluation of amenorrhea, 8
evaluation of thyroid nodules—hot and cold, 78

treatment of amenorrhea: when pregnancy is and is not desired, 33

MEDICAL MALPRACTICE
some practical thoughts on ... , 164

MUSCULOTENDINOUS INJURY
sprains and strains, 174

NEOPLASM DETECTION
patient factors limiting success of cancer detection, 37

NODULES
see Thyroid Disease

NUCLEAR IMAGING
evaluation of thyroid nodules—hot and cold, 78
interpretation of cerebral dynamic perfusion studies, 70
pitfalls and artifacts in nuclear imaging studies, 131
radionuclide imaging evaluation of trauma, 116
scintiphotography in evaluation of renal transplants, 101
use of bone scanning and skeletal radiography in the diagnosis of bone metastasis, 108

NUCLEAR REGULATORY COMMISSION
radiopharmaceutical production and quality control, 57

OLIGOMENORRHEA
endocrinologic evaluation of amenorrhea, 8

PAPANICOLAOU CYTOSMear
diagnosis and management of cervical intraepithelial neoplasia (abstract), 45

PATIENT EDUCATION
lack of in ... factors limiting success of cancer detection, 37

PHYSICIAN-PATIENT RELATIONS
some practical thoughts on medical malpractice, 164

PREGNANCY
modern management of diabetic pregnancies, 5

treatment of amenorrhea: when pregnancy is and is not desired, 33

RADIOCHEMICAL PURITY
radiopharmaceutical production and quality control, 57
RADIOGRAPHY, SKELETAL
use of bone scanning and skeletal radiography in the diagnosis of bone metastasis, 108

RADIOIMMUNOASSAY
diagnostic use of radionuclides in diseases of the thyroid, 75
radioimmunologic methods for diagnosis of malignant diseases, 128

RADIOSOTOPES
diagnosis and treatment of carcinoma of the thyroid, 84
diagnostic use of radionuclides in diseases of the thyroid, 75
evaluation of thyroid nodules—hot and cold, 78
pitfalls and artifacts in nuclear imaging studies, 131
radionuclide image evaluation of the patient with trauma, 116
